Shopping for a Corporate Criminal RICO Compromise and Settlement Agent? How about a Dodd-Frank Bank Court? Got actual evidence of something? Get IN HERE!

If you got the tangible evidence we cut deals that have nothing to do with the case You want Party Hats and Pony Rides for your Syndicate Bosses? How about a planet named after their Organized Bank Syndicate? No problem. Pay the Foot Soldier, everyone shut up. Visit our Court Website. See and Hear the Difference. "We only have winners!"

## Welcome to the District Court of Oregon
## www.DistrictCourtOregon.com

# Hello, I am Chief Judge Sammy Davis, Jr. of

## www.DistrictCourtOregon.com

## Looking for a Court to Meet your Organized Banking Needs?

**Did one of your foot-soldiers put you into Court with tangible evidence or even worse – the FBI, SEC, CIA, etc., in detail? Did you hire a hit man or employment attorney and he is still alive and charged you with Kidnapping using corrupted police twice in two years, RICO, Labor Racketeering, 18 USC 1519 violations, Hobbs Act Violations and attempted murder via legal battery? After all that... he got and posted the police w/v of the setup?**

Evidence site: www.retpatriot.com or www.eugeneblair.com

**Shhh... it happens. Get in here and let's cut a deal!**
**In that type of case, you definitely need the Skills and Services of District Court of Oregon (www.DistrictCourtOregon.com)**

**Under Dodd-Frank, whatever you Organized Bankers work out is OK by me. So don't employ a hired killer. Worse... don't use an employment attorney. Cut shameless deals (e.g. www.TheEugeneBlairProject.)**

**That is how we do it at the District Court of Oregon. We do it Our Way**
**www.DistrictCourtOregon.com**

An Article Four action of Official Rule 56 Judicial Case Evidence Site – www.Ret-Patriot.com
county-sounding name for where I put justice and court facilities and refunds. Corporate kidnapping sign of 18 U.S.
Sounds bogus? If you can successfully refute any factual allegations in all evidence — call me. It is a better
presentation and better evidence than a professional law enforcement agency would do. Cases in courts, FBI filed.
Meet me in a real SWAT car AV. View the actual police cell phone arrangement of that. Our courts are broken by the
various legal workers (attorneys and staff) who create vectors for generally well-running and trusting judges to sign

Subject: Density Output Cards

3

BACK

At present a request for density output cards in a sensitometric computations run yields density cards corresponding to densitometer densities. If the test code used involves E N D conversions, the density output cards must be run through a separate conversion program to correspond densitometer plotted cards corresponding to individual strips are punched wh the strips is desired

I prop ing the batch final when density card output is requested, plotted densities are punched out In the normal case these would simply be the average densities. If the test code calls for E.N D conversion, it would be the E N D densities that are punched out If the test breaks down, e g because of range check failure, we would get cards punched out for individual strips, since individuals are plotted in that case

I would appreciate your comments on this proposal by January 2 1971

TEST 1

# Meet the Pegasus World Cup Contenders

By Dustin Fabian, Xpressbet.com

PEGASUS
WORLD CUP INVITATIONAL

**Gun Runner** If the best things are worth waiting for, Gun Runner's participation in the Pegasus should come as a treat for race fans. He was slated to run here last year, but a quarantine at his home track in New Orleans restricted him from travel ng. That hiccup didn't hinder his year though, as he reeled off four G1 wins in the summer and fall, culminating with a victory in the Breeders' Cup Classic. On Thursday night at Gulfstream, he was named Horse of the Year for 2017.

**Collected** If having the right people in your corner matters, Collected stands above all of his rivals. His trainer and jockey, Bob Baffert and Mike Smith, are both members of racing's Hall of Fame and they teamed to win last year's Pegasus with Arrogate. And while Collected doesn't bring quite as much clout as Arrogate did last year, he did shock his stablemate in winning the G1 Pacific Classic last summer at Del Mar and was runner-up to Gun Runner at the Breeders' Cup.

**Sharp Azteca** Having drawn inside of the other frontrunners, Sharp Azteca's path to victory in the Pegasus World Cup looks to be a high- stakes game of 'catch me if you can.' The assumption s he'll go to the lead early, but handicappers will have to decide if he has the stamina to remain competitive at the finish. His greatest success has come in one-turn races, but you just have to go back to November to see that he was a strong second in the two-turn G1 Breeders' Cup Dirt Mile.

**West Coast** Like Arrogate in 2016, West Coast went from virtual unknown to Travers winner and Breeders' Cup Classic contender in the span of a few short months last year. And while he couldn't follow Arrogate's footsteps with a Breeders' Cup win (he finished 3rd at Del Mar), he'll try to get back on track in the Pegasus, where he'll again be piloted by five-time Gulfstream leading jockey Javier Castellano.

Treat Your Tax Refund Like Any Other Investment

About 30% of taxpayers won't receive a refund this year, but it might work out better for them if they did.

Tax refunds are bemoaned by obnoxious blowhards who'll tell anyone who'll listen that refunds "give the government a free loan." As it turns out, they could give you a financial boost while preventing you from

pay arbitration costs, or until we pay legal fees and costs, to the extent you prevail on claims you extend against us in an arbitration proceeding which you have commenced.

- **Governing Law for Arbitration**
  This Arbitration section of your Agreement is governed by the Federal Arbitration Act (FAA). Utah law shall apply to the extent state law is relevant under the FAA. The arbitrator's decision will be final and binding, except for any appeal right under the FAA. Any court with jurisdiction may enter judgment upon the arbitrator's award.

- **How to reject this section**
  You may reject this Arbitration section of your Agreement. If you do that, only a court may be used to resolve any dispute or claim. To reject this section, you must send us a notice within 60 days after you open your account or we first provided you with your right to reject this section. The notice must include your name, address and account number and send be section to Synchrony Bank, P.O. Box 965012, Orlando, FL 32896-5012. This is the only way you can reject this section.

**Prayer to St. Joseph over 1900 years old**

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.**

**Make this prayer known everywhere.**

fer. This offer is limited to: (A) new, first-time residential DISH subscribers; and (B) former residential DISH subscribers who (1) paid all balances owing under their prior DISH account(s) in full; and (2) have not received any DISH service during the 60-day period prior to activation under this plan **("Former DISH Subscribers")**. No new, first-time residential DISH subscriber or Former DISH Subscriber is eligible for this plan unless such subscriber: (a) resides in the continental United States, Alaska, Hawaii, Puerto Rico, or the US Virgin Islands; (b) provides DISH with a social security number issued to the customer who signs this Agreement; (c) either provides DISH with a valid Qualifying Card or pays a non-refundable fee of $90; AND (d) receives credit approval. DISH will determine eligibility and may deny eligibility for any reason.

**Required Minimum Programming Packages:** You must subscribe at all times to one of the **"Required Minimum Programming Packages"** listed in the table below or a higher-cost programming package. You represent that you have been informed as to whether you are eligible to receive local network channels by satellite.

**Required Minimum Programming Packages**

| Programming Package | Price Including Local Network Channels Where Available | Programming Package | Price Excluding Local Network Channels |
|---|---|---|---|
| DishLATINO Básico | $29.99/mo | Qualifying international programming (also requires subscription to Chinese Basic or International Basic) | $19.99/mo or higher *PLUS* $10.00/mo for Chinese Basic or International Basic |
| Welcome Pack | $19.99/mo. | | |
| DISH America | $44.99/mo | | |

**Installation.** Except as otherwise provided below, plan includes standard professional installation of up to 6 receivers on up to 6 TVs, a DISH 500 antenna (or other applicable antenna, as determined by DISH) and mounting hardware. Additional equipment may be required and additional prices, fees and charges may apply in certain installations or with certain programming purchases. Maximum of 6 leased receivers (supporting up to 6 total TVs) per account. **RESIDENTS OF ALASKA ONLY**. IN THE EVENT THAT DISH DETERMINES THAT YOU ARE A RESIDENT OF A REMOTE AREA OF ALASKA **("REMOTE AREA")** THEN YOU ACKNOWLEDGE AND AGREE THAT (A) NEITHER DISH NOR ANY OF DISH'S RETAILERS WILL FURNISH OR HAVE ANY OBLIGATION TO FURNISH, ANY INSTALLATION SERVICES TO YOU AT ANY TIME (B) YOU ARE SOLELY RESPONSIBLE FOR INSTALLING ANY AND ALL LEASED EQUIPMENT (INCLUDING, WITHOUT LIMITATION, RECEIVER(S), SMARTCARD(S), REMOTE CONTROL(S) AND LNB(S)) (C) YOU ARE SOLELY RESPONSIBLE FOR ANY AND ALL RISKS ASSOCIATED WITH AND RESULTS OF SUCH INSTALLATION (INCLUDING WITHOUT LIMITATION, OCCURRING MATERIAL INTERFERENCE OF SIGNAL RECEPTION, LIMITATIONS TO THE QUALITY OR USABILITY OF YOUR DISH SERVICE, PERSONAL INJURY AND DAMAGE TO THE LEASED EQUIPMENT AND (D) NEITHER DISH NOT ANY OF DISH'S RETAILERS WILL AT ANY TIME CONDUCT ANY IN-HOME SERVICE CALLS FOR YOU, AND (E) THE FOREGOING DOES NOT RELIEVE YOU OF ANY OF YOUR OBLIGATIONS PURSUANT TO THIS AGREEMENT.

**Receivers.** "Solo" receivers support 1 TV and contain 1 tuner (or in the case of a 512 or 612, 2 tuners). Solo receiver models currently include **SD Solo Non-DVR** (311) **HD Solo Non-DVR**(211, 211k, 211t, 211z, 211z, 411) **SD Solo DVR** (512), and **HD Solo DVR** (612, 612z, 612t) **"Duo"** receivers support up to 2 TVs and contain 2 tuners. Duo receiver models currently include **SD Duo Non-DVR** (322) **HD Duo Non-DVR** (222, 222k), **SD Duo DVR** (522, 625 and **HD Duo DVR** (622, 722, 722k) **HD Duo DVR SlingLoaded** (922) receivers support up to 2 TVs and contain 2 tuners. **Hopper, Hopper with Sling, Joey** and **Super Joey** each connect to 1 TV.

**Prices, Fees, Charges and Payments.** You agree to pay monthly by the payment due date for the programming you select and for all other applicable prices, fees and charges. State and local taxes and/or reimbursement charges may apply as set forth in the RCA. You have paid or you agree to pay the following one-time lease upgrade fees (A) the following amounts for the first HD receiver: $199 for a Hopper with Sling (which fee will be credited back to customers who subscribe to AT120, AT120+, AT200, AT250, America's Everything Pack, Latino Plus, Latino Dos or Latino Mas programming); and (B) the following amounts for each additional receiver if you already have 3 or more receivers: the $49 for each additional receiver that is a 211, 211k, 211t, 211z 211z or 311; $99 for each additional receiver that is a 612,

RE: Unauthorized Check Card Transactions
ACCOUNT: 4430-4000-1852#1272

Dear RICHARD A KARLIN,

You contacted us recently to dispute an unauthorized transaction(s).

In order to further our investigation, we require written confirmation of your verbal inquiry regarding these transactions. In accordance with this request, an Affirmation of Fraud and Forgery is enclosed. Please complete and return the affirmation in the enclosed envelope or fax it to 1-402-916-6155.

Please be advised that we have issued a provisional (temporary) credit to the account in the amount of $199.00, which includes all applicable fees assessed to your account as a direct result of the disputed transaction(s).

This is a temporary credit pending our investigation of your claim that an unauthorized transaction(s) occurred. During our investigation of your claim you will have full use of the funds.

If for any reason you are no longer disputing the transaction(s) listed on the attached affirmation, it is important that you notify us immediately

If you have any questions or if we may be of further assistance, please call Fraud Management Services at 1-800-228-2771. Thank you for banking with us.

Sincerely,

Diane Jochum

FINALLY

IT'S

WORKING!

group policyholder must distribute the rebate in one of two ways:

- Reducing premium for the upcoming year; or
- Providing a cash rebate to employees or subscribers that were covered by the health insurance on which the rebate is based.

If your group health plan is a church plan, the employer or group policyholder has agreed to distribute the portion of the rebate that is based on the total amount all of the employees contributed to the health insurance premium in one of the ways discussed in the prior paragraph.

If your group health plan is not a governmental plan or a church plan, it likely is subject to the Federal Employee Retirement Income Security Act of 1974 (ERISA). Under ERISA, the employer or the administrator of the group health plan may have fiduciary responsibilities regarding use of the Medical Loss Ratio rebates. Some or all of the rebate may be an asset of the plan, which must be used for the benefit of the employees covered by the policy. Employees or subscribers should contact the employer or group policyholder directly for information on how the rebate will be used. For general information about your rights regarding the rebate, you may contact the Department of Labor's Employee Benefits Security Administration at 1-866-444- EBSA (3272) or review the Department's technical guidance on this issue on its web site at http://www.dol.gov/ebsa/newsroom/tr11-04.html

**Need more information?**

If you have any questions about the Medical Loss Ratio and your health insurance coverage, please contact Blue Cross of California customer service toll-free at the number provided on your ID card.

Contact your employer or Administrator directly for information on how the rebate will be distributed. For general information about your rights regarding the rebate if your group health plan is subject to ERISA, you may contact the Department of Labor's Employee Benefits Security Administration at 1-866-444-EBSA (3272) or review the Department's technical guidance on this issue on its web site at http://www.dol.gov/ebsa/newsroom/tr11-04.html.

Sincerely,

Pam Kehaly
CalOptima President and General Manager
Blue Cross of California

# Application Instructions for Regular Member

Please follow the instructions below carefully. Incomplete or illegible applications will not be reviewed.

1) Ensure that you meet our minimum requirements prior to commencing the application process. The minimum requirements are attached.

2) All questions must be answered. Incomplete application forms will not be processed. If a question is not applicable use "N/A" in the appropriate space. If an entire section is not applicable, use "N/A" in the first available space is sufficient.

3) This Application Form covers numerous areas necessary to determine the suitability of applicants and also serves as a basis for determining your security clearance.

4) If anyone required to be listed in these forms is deceased, please indicate by placing the word "deceased" followed by the person's date of death.

5) Fill the form out by hand, use black ink and ensure your writing/printing is legible.
If you make an error, do not use white-out. Place a single line through the error and write the correction above or beside.

6) The application form must be signed, dated and delivered or mailed to the New Westminster Police Department.

7) Ensure you fully read and complete the Consent to Release of Personal and/or Private Information Waiver and Release form.

8) All addresses must include the postal code. Use area codes for all phone numbers.
Date of births should be YY MMM-DD format [85-JAN-06]. All other date formats should follow YY MMM [10-JUN].

9) When answering questions with a yes/no box, please place an "X" in the box you wish to select.

10) Unless otherwise instructed list items in chronological order beginning with the most recent.
Leave no gaps in dates between educational institutions, places of employment, etc.

11) If extra space is required to answer questions, do not write on the back/flip side of any pages, choose one of the following:
   a. If you have printed the application form from the website, paste-print the specific page and continue answering your question.
   b. If you picked up an applicant form simply refer to blank page and continue answering your question.
   Please make sure you indicate that you are continuing to answer on the following page, write the question # that you are continuing to answer and make sure to edit the page number, for example if you reported page 24 then relocate on that page that it is page 24-A.

12) All information is subject to verification by investigation. False, misleading or undisclosed information in the document or at any other stage in the application process will result in the termination of your application or dismissal.

13) Please do not staple or put the application form in any binder, cover or page protector. You may use paperclips or a binder clip if you wish.

14) By completing this application you acknowledge and understand that honesty, integrity and enlightened are areas that are scrutinized closely when considering applications, and that all questions in this document are necessary for this purpose.

15) Ensure that you have submitted all documents in order as listed on the Application Checklist.

16) Deliver or mail your application in a sealed envelope to the office of the New Westminster Police Department:

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Store refrigerated in a dry place away from direct sunlight.

**Pesticide Disposal:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**Container Handling:** Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

## WARRANTY

Certis USA, L.L.C. warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use, timing and method of application, weather, watering practices, nature of soil, the insect problem, condition of the crop, incompatibles with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. To the extent required by law, Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herein. NO OTHER EXPRESS OR IMPLIED WARRANTY OF THE FITNESS OR MERCHANTABILITY IS MADE.

EXPIRATION DATE: USE WITHIN 30 DAYS AFTER OPENING

P O Box 138009

Sacramento CA. 95813-8009

To whom it may concern,
This request is regrettably tardy according to the requirements for this process.
In my defense there was a misunderstanding between my doctor and I, and an inability to communicate with my claims representatives. Please consider granting me a extension.

I would greatly appreciate any leniency you could show me on this part.

Thank you
Paul Stanton

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate: | 9600 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (50 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device bypassing any home wiring.
- If using an All-In-One device temporarily disconnect device from PC

## Further Assistance

If you need further assistance using Vonage Fax Service, we are always available to help

interpage INTERNET NETWORK SERVICES INC.

Phone: +1 (510) 315 2750 • Fax: +1 (650) 292 1600 • www.interpage.net

*Hello!*

*This is a sample text file which is being sent to you as per your request via the Interpage FreeTextSend Service.*

*This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).*

*If you review the cover sheet which was transmitted with this fax, you will note that a brief letter of the same you had indicated in the TO field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this test fax transmission result.*

---

This file is a sample MS Word file; many other file types are supported.

---

*If you have any questions regarding Interpage's OutreachTM Service including the FaxUniversal(tm) service with rates or per-minute charges, please feel free to contact us at:*

*Phone* +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

*E-Mail* mail-support@interpage.net

*Web* URL http://www.interpage.net

*Thank you for your interest!*

Notice: 1. Unauthorized use of this "free trial" service by Interpage will be proper grounds for terminating service and for other legal action. Unauthorized use includes, but is not limited to, using this service for any purpose other than that which is stated at http://www.interpage.net/sub/faxtrial.html, sending any illegal, fraudulent, and deceptive information, and using a valid e-mail address and contact telephone number other than your own. Do not abuse this public service.

2. The free transmission of your test file is subject to availability on Interpage's network at the time you access this service. Interpage reserves the right to limit the duration of any transmission which does not comply with these guidelines. If you find that assistance in sending your fax is unnecessarily difficult, please call us at (510) 315-2750 and we will look into the issue from the Interpage end.

## OutFax Secure
## provides multiple levels of fast, reliable, and secure fax transmission:

Standard OutFax (for routine faxing):
Company offices
Central Corporate Server
INTERPAGE OutFax Server
OutFax Servers convert message to fax

Responding to concerns about unequal funding of communities with similar property and income wealth, the changes sought to eliminate some disparities in funding levels for similar districts that had been grandfathered in at the time the education law was adopted in 1993. But in response to complaints from wealthy districts that they ought to get at the guaranteed minimum level of state aid, the Legislature also adopted a new target that even the wealthiest districts receive at least 17.5 percent of their foundation budgets from state aid.

State Rep. Alice Peisch, the House chairwoman of the Legislature's Education Committee, says, referring to the chapter of the state law covering education aid, the idea was to create a "Chapter 70 carrot" so that every community received enough aid to motivate legislators to go to bat each year for state education funding.

Peisch emphasized that the floor was "a goal not a promise" and that communities are being slowly brought up to that level. "I personally have concerns about 17.5 percent as a target for every single community," says Peisch, whose hometown of Wellesley is one of those that benefits from the minimum aid target. "We should be funding poor communities first who don't have the ability to pay for education in this tough economy."

The decision by former SJC Chief Justice Margaret Marshall said the state was making progress toward addressing inequities between poor and affluent districts. Photo by Frank Curran.

Jim Stevens sits on the town finance committee in Wendell, which is part of the regional middle and high school district with Orange. "It is unconscionable to continue to divert this magnitude of income and critically needed resources to communities of wealthy higher wealth and little need," he says.

The state has, in fact, slowed down the effort to ramp up high-wealth districts to the minimum aid target. "It has assumed secondary priority in the midst of the budget crisis, and I think that's appropriate," says Paul Reville, the state education secretary.

**NO WIGGLE ROOM**

Many of the same school finance challenges facing Orange are playing out on a more larger scale in Fall River, another struggling former mill town. The South Coast city of 92,000 is trying to figure out how to maintain its schools amidst rising costs and tax hikes, and the cuts in non-school state aid that all communities have had to contend with.

Superintendent Meg Mayo-Brown says the city must "back into" the minimum spending requirement much like Orange officials do, by first covering fixed overhead costs such as employee health care. "Whatever's left is what we have to run our schools on," she says, and "there's not a lot of wiggle room."

# Energy Efficiency Rebates
## for Homes, Businesses and Multifamily Properties

This Application Form and Instructions supersedes and replaces the 2006-2008 Energy Efficiency Rebate Application Form and Instructions.

### PROOF OF PURCHASE REQUIREMENTS

Proof of purchase and other documentation required to process your rebate application may differ depending on who completes the installation – you or your contractor.

**All Customers – Homes, Businesses and Multifamily Properties**

1. **Retail Product Receipt/Invoice**

   Proof of purchase and supporting documentation should be submitted within 90 days of purchase date and must include all of the following information:

   A. Retailer/Contractor name, address, and phone number
   B. Itemized listing of each product including quantity, product description, manufacturer, model number or other identifying information (i.e., SKU # as appropriate)
   C. Purchase price per product
   D. Date Paid in Full or payment terms, such as "Charge" or "Net 30"
   E. Product Installation date

**Read the product specifications (included in the appropriate catalog) to make sure all requirements are met.**

**Residential and Multifamily Property Customers Only**

Depending on your energy efficiency project, you may need to submit a Home Improvement Contract as additional documentation to be submitted to PG&E along with your proof of purchase.

2. **Home Improvement Contract (HIC)**

   A. The California State License Board (CSLB) requires that licensed contractors must provide you with an HIC if the materials and labor total for the product(s) and installation is $500 or more. It is recommended that you request an HIC from your contractor even if the contractor's product and installation costs are less than $500.
   B. If an HIC is your proof of purchase, it must be given to you by your contractor and must be signed and dated by both you and your licensed contractor.
   C. If the signatures are not dated, the date that the HIC was written will determine the product order/purchase date.

For additional information on Home Improvement Contracts or the status of your contractor's license, visit **www.cslb.ca.gov** or call the **Contractors State License Board** at **1-800-321-CSLB**.

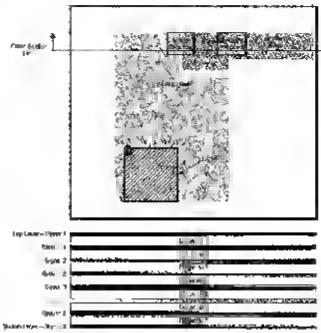

Figure 53. Power and Grounding Example

### Thermal Management

The CPGA package is a modified Ceramic Land Grid Array with an added heat sink. The signal pins on the outer edge are 1.27 mm pitch, while the pins in the center attached to the heat sink are 1 mm. The smaller pitch for the center pins is to preserve the I/O count. The center pins of the package are attached to the back of the thin high thermal conductivity base plate to the PCB ground planes. With a low thermal resistance path to the heat sink to remove heat from the ADC, these pins should also be connected to the ground planes through low impedance path for electrical purposes.

# Windows Printer Test Page

Congratulations!

If you can read this information, you have correctly installed your Fairfinder Printer Driver or BUSOFF2

The information below describes your printer driver and your settings

Submitted Time: 12/27/2012 3:37:37 PM 5/8/2012
Computer Name: BUSOFF2
Printer Name: Multitech Fairfinder
Printer Model: Fairfinder Printer Driver
Color Support: NO
Port Name(s): FF_Port0:
Data Format: NT EMF 1.004
Share Name:
Location:
Driver:
Driver Name: PSCRIPT5.DLL
Data File: PSCRIPT.NTF
Config File: PSCRIPUI.DLL
Driver Version: 5.22
Environment: Windows x64
Default DataType: NT EMF 1.003

Additional files used by this driver:
C:\Windows\System32\spool\DRIVERS\x64\3\MXDRVNT.DLL (13, 0, 2, 141)
C:\Windows\System32\spool\DRIVERS\x64\3\TTFS32.DLL (11, 0, 1, 0)

## Heel pain

### It's usually a symptom of plantar fasciitis

That first step out of bed in the morning really catches your attention — it feels just like someone poked you in the heel with a knife. But after walking for a few minutes the pain slowly disappears.

Heel pain is very irritating, but rarely serious. Although it can result from a pinched nerve or a chronic condition such as arthritis, the most common cause is plantar fasciitis (PLAN tur fas-e-I-tis).

Plantar fasciitis is an inflammation of the plantar fascia, the fibrous tissue that runs along the bottom of your foot and connects to your heel bone (calcaneus) and toes (see illustration).

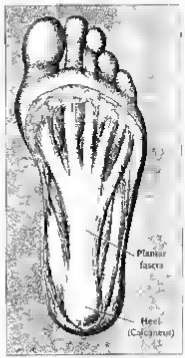
The plantar fascia also acts as a bowstring to lift the arch of your foot to keep the arch from collapsing.

Treatment for plantar fasciitis involves simple steps to relieve the pain and inflammation. But don't expect a quick cure. It can take six months or longer before your heel is back to normal.

#### Stretching under stress

A flattening of your arch or overuse can cause your plantar fascia to stretch and pull on your heel bone. That can result in microscopic tears in the fascia, inflammation and a piercing pain or burning sensation.

The pain usually develops gradually but can come on suddenly and severely. It tends to be worse in the morning, when the fascia is still



Heel pain most often results from stress on the plantar fascia, the tough fibrous tissue that runs along the bottom of your foot and connects to your heel bone and toes.

Although both feet can be affected, it usually occurs in only one foot.

The pain generally goes away once your feet limbers up. But it can recur if you stand or sit for a long time. Climbing stairs or standing on your tiptoes can also provoke pain.

In severe cases your foot may hurt whenever you put pressure on it, making walking difficult.

You may also develop a bone spur that forms from tension on your heel bone. In most cases the spur doesn't cause pain. ▶

# How to Perform a Self-Test on a Canon Inkjet Printer

By an eHow Contributing Writer

Some Canon inkjet printers are able to print a self-test page without a computer. This is useful in troubleshooting and can help you determine whether your printer or drivers are malfunctioning. Follow these steps to learn how to perform a self-test on a Canon inkjet printer.

## Instructions

Difficulty: Moderately Easy

1. Check the manual to determine if your model has a self-test. You will find the procedure listed in the troubleshooting section.
2. Check Canon's tech support options, which is user-friendly and easy to access. On the site, click "Support."
3. Click "Consumer Products" and then "Select Product." Select your model from the dropdown menu. This should lead you to the tech support page for your specific model.
4. Download the manual on this page in PDF format.
5. Read the FAQs under Technical Support. You can answer the questions search for a self-test.
6. Perform step-by-step troubleshooting by trying some of the following methods.
   - Power up your computer and then hold cancel while pressing copy
   - Power up your computer and then hold cancel while pressing resume
   - Hold resume while powering on
   - Hold cancel while powering on
7. Some options have built-in interfaces. Try searching through the control panel options for a troubleshooting menu or a diagnostics mode.

### Things You'll Need:

- Canon printer
- Printer paper

## Tips & Warnings

- Not all printers have self-tests. However, many have them that are run by the drivers. Open up the software that came with your printer to find here.
- Try to print a test page online calling tech support, as they will often ask the model of this test.
- Email Canon tech support with specific questions. They usually respond quickly.
- A self-test will tell you a lot whilst how your printer is functioning. Some also print off serial numbers and service IDs.
- Printing test pages uses a lot of ink.

# AIKIDO... *a way of harmony*

Aikido is a modern Japanese martial art and a way of personal growth. The guiding principle of Aikido is HARMONY: inner harmony of mind, body, and spirit, harmony with other people, and oneness with Nature. The name AIKIDO means: The Way of Harmony with Life-Energy".

Aikido was developed in the 20th century by Morihei Ueshiba Osensei. He mastered many martial arts and combined them with his spiritual and ethical insights to form modern Aikido. He taught: "Aikido is love. If you think that 'martial art' means to have enemies and opponents and to be strong and defeat them, you are mistaken. The true martial art is to be one with the universe and to have no enemies. The essence of the martial arts is the spirit of loving protection of all beings."

As an art of self-defense, Aikido is based on the highest ethic of the martial arts: the non-violent resolution of conflict. An attack is neutralized through circular and fluid movements. The energy of an attack is redirected to its source. Aikido techniques utilize, and develop, a person's balance, awareness, and inner strength. Students of Aikido learn to remain calm in stressful situations, to find alternatives to conflict, and to protect themselves and others.

Aikido has been described as a "philosophy with a physical expression" and "meditation in action". As a path of personal development, it is challenging and rewarding on many levels: physical, psychological, social, spiritual. The training is non-competitive yet intense, as each person strives to "defeat" the discord within him or herself—to find internal and external harmony.

# *AIKIDO OF SANTA CRUZ ... a place of harmony*

Aikido of Santa Cruz (North Bay Aikido, Inc.) is a non-profit, educational institution that has been providing Aikido instruction in Santa Cruz County since 1982. The instructors at Aikido of Santa Cruz have developed a highly respected program of Aikido training for adults and children. As Aikido draws on inner strength rather than physical strength, it is accessible to people of all ages and body types. Women and men train together in an empowering atmosphere of mutual respect and support. Aikido of Santa Cruz welcomes all sincere students and does not discriminate on the basis of race, gender, ethnic background, or sexual orientation.

Aikido of Santa Cruz offers beginning and ongoing classes for adults, with a new beginning class starting every other month. In addition, Aikido of Santa Cruz has an excellent program for young people: ages 6 to 9, 9 to 12, and special classes for teenagers. Through the practice of Aikido, young people learn cooperation, self-confidence, and conflict resolution in a fun atmosphere.

If you are interested in Aikido, please call Aikido of Santa Cruz or come by and observe classes in action. Visitors are always welcome!

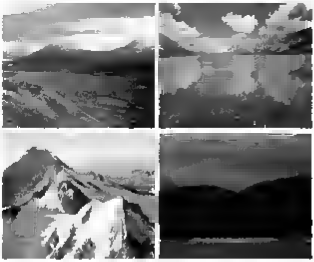
THIS IS A TEST
310 314 0139



**Note** If a fax answer or calling tone (CED or CNG) is heard at anytime during the call, the DSP does not interfere with the speech processing. It allows the signal to continue unaffected until the [illegible]

An answering fax machine, after generating a CED or hearing a CNG, sends a DIS message with the capabilities of the fax machine.

The DSP in the Cisco IOS gateway attached to the fax machine that generated the DIS message [illegible]. [illegible] the HDLC flag sequence [illegible] DIS message [illegible].

[illegible] The call control stack then instructs the codec change the RTP payload type to 96 and to send the payload type to the originating gateway.

When the DSP on the originating gateway receives an RTP packet with payload type set to 96, it triggers an event informing the VoIP call control stack that a fax relay phase has been requested by the remote gateway.

The originating gateway then sends an RTP packet to the terminating gateway with payload type 97 to indicate that the originating gateway has started the fax changeover. When the terminating gateway receives the payload type 97 packet, it [illegible] the [illegible] gateway. The terminating gateway [illegible] download [illegible].

Once the terminating gateway has completed the codec download, it sends RTP packets with payload type 97 to the originating gateway. The terminating gateway responds with an RTP packet, with payload type 97, and fax relay can begin between the two gateways. As part of the fax codec download, other parameters such as VAD, jitter buffer, and echo cancellation are changed to suit the inherent characteristics of a fax call.

Cisco fax relay call setup is shown in Figure 48.

Figure 48 Cisco Fax Relay Fax Setup Call Flow

### Cisco Fax Relay Data Transfer Phase

During fax relay operation, the T.30 analog fax signals are received from the PSTN or from a directly attached fax machine. The T.30 fax signals are then demodulated by a DSP on the gateway and then packetized and sent across the VoIP network as data. The terminating gateway decodes the data stream and reconstructs the T.30 analog fax signal to be passed to the PSTN or the destination fax machine.

The messages that are demodulated and transmitted are predominantly the phase B, phase D, and phase E messages of a T.30 transaction. [illegible]

During phase B, fax machines interrogate each other's capabilities. They expect to communicate with each other across a 64-kbps PSTN circuit, and they attempt to make best use of the available bandwidth and circuit quality of a 64-kbps voice path. However, on a VoIP network the fax machines [illegible] [illegible] the circuit is not as good as a clear circuit.

Because the bandwidth in VoIP networks are more limited than in the PSTN, Cisco IOS DSPs [illegible] [illegible] available to fax machines [illegible].

The call flow of the Cisco fax relay data transfer phase is shown in Figure 49.

Figure 49 Cisco Fax Relay Data Transfer Call Flow

# Set up your computer to send and receive faxes

Windows Fax and Scan turns your computer into a fax machine—a potentially big money and time saver. Before you can start faxing, your computer must be properly equipped.

## What you need

If you're planning to send and receive faxes at home, you first need to outfit your PC with a fax modem.

A fax modem is a relatively inexpensive piece of add-on hardware that allows your computer to communicate with a fax machine over a standard phone line. The devices are sold at major computer stores and come in two varieties: internal and external.

Internal fax modems plug directly into your computer motherboard, similar to a video or sound card. External fax modems are small devices that connect to the serial or USB ports.

If you're at work, another option is to see if your employer has a fax server—a dedicated computer equipped with multiple fax modems. Sending a fax using a fax server doesn't require you to add any special hardware to your PC. You just set up a connection with the fax server and go.

## Setting up Windows to fax

Once you've picked up a fax modem or found a fax server, you still need to do a little setting up.

### To set up a fax modem

Before you begin, make sure that you've properly installed your fax modem, and that it's plugged in to a standard analog phone line.

1. Click the Start button, click All Programs, and then click Windows Fax and Scan.
2. At the bottom of the left pane, click Fax, and then click New Fax on the toolbar to launch the Fax Setup wizard.
3. Click Connect to a fax modem and follow the instructions.

**Note**

- To set up your computer to send faxes only, click I'll choose later. I want to create a fax now in the Fax Setup wizard. Keep in mind that by choosing this option, you'll be able to send faxes but not receive them.

### To set up a fax server

Before you begin, make sure your computer is connected to the network and you know the network address of the fax server (for example, \\mycompanyfaxserver).

1. Click the Start button, click All Programs, and then click Windows Fax and Scan.

# Ryan Holben

Visiting Assistant Professor at Furman University

rholben@furman.edu

## Summary

I am a Visiting Assistant Professor of mathematics at Furman University. Prior to my current position, I lectured mathematics at the University of California, Irvine. I do research in set theory and explore interests in data science. I received my Ph.D. in mathematics from the University of California, Irvine in 2013. My doctoral research was in set theory with a focus on the family of combinatorial principals known as square principles, and their consistency strengths. I am interested in other infinitary combinatorial principles and how they interrelate as well as their many connections to large cardinals. This includes forcing axioms, tree properties, and stationary reflection.

## Experience

**Visiting Assistant Professor at Furman University**
August 2015 – Present (3 months)

I am a Visiting Assistant Professor in the department of Mathematics at Furman University. I currently teach two calculus curricula spread through three sections, and beginning in the spring I will be teaching two sections of Finite Mathematics. I also maintain a research program in set theory and machine learning.

**Lecturer at UC Irvine**
August 2012 – July 2015 (3 years)

Instructor for Linear Algebra & Infinite Series, Online Pre-Calculus, Differential Calculus, Integral Calculus, Math for Economists, and Differential Equations.

**Teaching Assistant at UC Irvine**
September 2007 – June 2013 (5 years 10 months)

Teaching assistant for courses in derivative, integral, and multivariable calculi, proofwriting, math for economists, linear algebra & infinite series, real analysis, and topology.

**Teaching Associate at UC Irvine**
July 2011 – August 2011 (2 months)

Sole instructor for Integral Calculus course.

**Teaching Assistant at Colby College**
August 2006 – June 2007 (11 months)

Teaching assistant for Honors Calculus course.

FAX COVER SHEET

From SPAIN PARK HIGH SCHOOL

205-439-1586

DATE: 9/16

TO: whom I may concern

FROM: SPHS

# Buckeyes

2 lb peanut butter
1 lb butter
3 lb powdered sugar

Cream butter and peanut butter
Add powder sugar 1/2 lb at a time
Work with fingers until completely mixed
Shape into 1 inch balls

Chocolate dip

24 oz of semi-sweet chocolate chips
1 square paraffin

Melt chocolate chips in top of double boiler
Melt paraffin in a coffee can
Mix paraffin with chocolate chips
Turn on low heat
Stick a tooth pick into balls and dip into chocolate
Place on waxed paper
Makes 150 balls

Reproduction Quality Best Possible

## What is Jonathan?

He is a twelve year old boy who created GoGreen Man to help save the earth and stop global global warming. It is he hope to tell other children in the U.S and around the world that they can help by recycling and planting trees. He hopes that every child in the world will plant at least one tree least year

## What is GoGreen Man's Mission?

Stop Global Warming
Stop Pollution
Protect Clean Water
Protect Renewable Energy
Protect Forests and Wildlife

## Contact GoGreen Man

## Jonathan's Activities in 2008

During the presidential election Jonathan met and/or interviewed President-Elect Barack Obama and his wife Michelle, Senator Hilary Clinton, Senator John McCain and [illegible]. His purpose in meeting the candidates was to inferr the public as to how green they were and how they'd help the environment. His video of the interviews was broadcast on CNN and other international media.

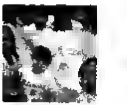
In 2008 he was nominated for the Arbor Day Award as well as other awards both domestic and international

## Past International Activities

He met with members of the UNEP and was involved in Monnaka's potbelli project which is please at stopping desertification. In Korea he met with 2000 Nobel Peace Laureate Kim Dae-jung. Jonathan presented the idea of planting chestnut trees in North Korea as a peace forest that will help feed the North Korea Children

Jonathan's first book was published in Korea and his book was chosen by the Korean government as one of the top 92 educational books.

## Going to Schools



Jonathan talks to school children about the importance of helping the earth now

He has met and spoken to over 4,000 children in the U.S and internationally. Jonathan has encouraged children to be a part of his "One Child One Tree, One Year"

# Verizon Wireless DSL Gateway

GT784WNv

## Wireless Security Setup

Please keep for your records.

Your new Wireless DSL Gateway will enable you to access fu... advanced ... some of the newest technologies available today. It is simple to use the Wireless networking feature built into your new Wireless DSL Gateway.

To connect your computing devices to the Wireless Gateway you will need the label. Location locate on the bottom of the Wireless Gateway.

Copy the WiFi Protected Access2 (WPA2-PSK) and Enhanced Security Identifier (ESSID) from the sticker on the bottom of the gateway. MAC ID is not required to wireless settings. The Wireless gateway uses WPA2 encryption by default. To use the default settings, your wireless PC must be configured for WPA2 prior to setup.

# Summary of conic sections

## Parabolas

| Equation | $(x-h)^2 = 4a(y-k)$ | $(y-k)^2 = 4a(x-h)$ |
|---|---|---|
| Opens | up/down | left/right |
| Vertex | $(h,k)$ | |
| Focus | $a$ units above vertex | $a$ units right of vertex |
| Directrix | horizontal $a$ units below vertex | vertical $a$ units left of vertex |
| Latus Rectum | $2a$ units left/right of focus | $2a$ units above/below focus |

## Ellipses

| Equation | $\frac{(x-h)^2}{a^2} + \frac{(y-k)^2}{b^2} = 1$ | |
|---|---|---|
| Case | $a > b$ | $b > a$ |
| Center | $(h,k)$ | |
| Major axis | horizontal, through center | vertical, through center |
| Focal distance $c$ | $c^2 = a^2 - b^2$ | $c^2 = b^2 - a^2$ |
| Foci | on major axis $c$ units from center | |
| Points | $a$ units left/right from center and $b$ units up/down from center | |
| Vertices | the two points on the major axis | |

## Hyperbolas

| Equation | $\frac{(x-h)^2}{a^2} - \frac{(y-k)^2}{b^2} = 1$ | $\frac{(y-k)^2}{a^2} - \frac{(x-h)^2}{a^2} = 1$ |
|---|---|---|
| Opens | left/right | up/down |
| Center | $(h,k)$ | |
| Vertices | $a$ units left/right of center | $b$ units above/below center |
| Focal distance $c$ | $c^2 = a^2 + b^2$ | |
| Foci | $c$ units left/right of center | $c$ units above/below center |
| Asymptotes | $(y-k) = \pm\frac{b}{a}(x-h)$ | |

**FORMULA SHEET**

***Properties of Exponents***

1 Multiplication $a^m a^n = a^{m+n}$
2 Division $a^m/a^n = a^{m-n}$
3 Power of a Power $(a^m)^n = a^{mn}$
4 Power of a Product $(ab)^n = a^n b^n$
5 Power of a Quotient $(a/b)^n = a^n/b^n$
6 Zero Exponent $a^0 = 1$

***Special Products***

1 Squaring a binomial
$(a+b)^2 = a^2+2ab+b^2$ and $(a-b)^2 = a^2-2ab+b^2$
2 Product of the sum and difference of two terms
$(a+b)(a-b) = a^2 - b^2$

***Special Factorizations***

1 Difference of two squares. $a^2 - b^2 = (a+b)(a-b)$
2 Perfect square trinomials $a^2+2ab+b^2 = (a+b)^2$ and $a^2-2ab+b^2 = (a-b)^2$
3 Sum of two cubes. $a^3 + b^3 = (a+b)(a^2-ab+b^2)$
4 Difference of two cubes. $a^3-b^3 = (a-b)(a^2+ab+b^2)$

***Distance Formula*** $d = \sqrt{(x_2 - x_1)^2 + (y_2 - y_1)^2}$

***Slope of a line*** $m = \dfrac{y_2 - y_1}{x_2 - x_1}$

***Equation of Lines***

1 point-slope form $y - y_1 = m(x - x_1)$
2 standard form $Ax + By = C$
3 slope intercept form $y = mx + b$
4 horizontal line $y = c$
5 vertical line $x = c$

***Sum, Difference, Product and Quotient of Two Functions***

1 $(f+g)(x) = f(x) + g(x)$
2 $(f-g)(x) = f(x) - g(x)$
3 $(fg)(x) = f(x)g(x)$
4 $(f/g)(x) = f(x)/g(x)$

***Composition of Functions***

1 $(f \circ g)(x) = f(g(x))$
2 $(g \circ f)(x) = g(f(x))$

***Properties of Logarithms***

| | |
|---|---|
| The product rule | $\log_a(uv) = \log_a u + \log_a v$ |
| The quotient rule | $\log_a(u/v) = \log_a u - \log_a v$ |
| The power rule | $\log_a u^n = n \log_a u$ |
| Base-exponent property | $b^{\log_b x} = x$ |
| Other properties | $\log_a a = 1$ |
| | $\log_a 1 = 0$ |
| | $a^{\log_a x} = x$ |
| | $\log_b b^n = n$ |
| | $\log_a(1/x) = \log_a 1 - \log_a x$ |
| | $\log_a u = \log_a v \Leftrightarrow u = v$ |

***Change of Base Formula*** $\log_b x = \dfrac{\log_a x}{\log_a b}$

***Conic Sections***

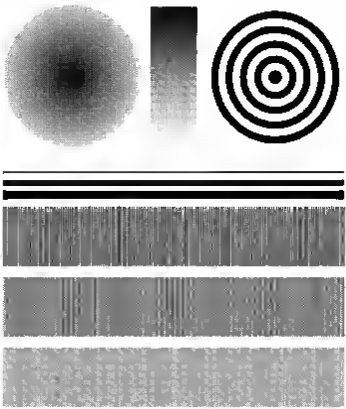
**Parabola** $y = ax^2 + bx + c$, or $y = a(x-h)^2 + k$

with vertex $(h,k)$ and axis of symmetry $x = -\dfrac{b}{2a}$

**Parabola** $x = ay^2 + by + c$, or $x = a(y-k)^2 + h$

ETHERFAX

**TEST FAX – Please Ignore**



### 29.4.1 FORCE_ALERT Message (Function Code 0x0409)

| Command Class = 0x80 | Sub command Type = 0x80 | Function Code 0x0409 |
|---|---|---|
| Configuration – Device Level | Configuration Group | FC=FC_ALERT |

The FORCE_ALERT command generates an alert for the condition in the device. This can be useful for testing Host error condition handling, and also in preparation for a Coredump, when the device did not issue a fatal alert message.

The FORCE_ALERT command can be used to generate a 'fatal alert' that will flush the ARM caches, and also save important working data that would otherwise be lost during the Coredump process (that is, device HEART when using OSM_ENCAPS control).

The command takes a single 16 bit parameter, which specifies the Alert Type generated by the device. When preparing for a Coredump, it is recommended to use Alert Type 0x0024 for chip generates a data abort. Alert Types are described in the Section 29.4. Alert Diagnostic Indication Formats, on page 826.)

Parameter 1 (FIFO Word 4) Alert Type to be generated

| FIFO Word | Description |
|---|---|
| 4 | Bits [15:0] Alert Type to be generated<br>Alert Type 0x0024 (Data Abort) is recommended for Coredump |

## 29.5 Diagnostic Output Paths

Diagnostic messages and responses can be handled redirected between the MSP Device and the Host using the PCI/uP Interface or the AMII Ethernet interface (using Open Diagnostics and OSM_ENCAPS).

Open diagnostics have the ability to be redirected to a different output. Redirection can reduce the need for a Host to recognize, store and capture debug information via command, then redirection. The diagnostics can be redirected to Ethernet (for instance) where the debug information will be automatically routed to a designated profile.

- Path 1: REDIRECT OVER OSM_ENCAPS or REDIRECT OVER IP UDP
- Path 2: PCI/uP

### 29.5.1 Sequence for Configuring Unified Diagnostic Commands Example

- SET_TDM_PARAMS – Device Level Configuration is first
- SET_ETH_HDR_DEVICE – MSP Device Source MAC Address.
- IP_SERVICE_OFC – required as on SET_IP_HDR command.
- IP_ADDRESS – MSP Device Source IP Address
- ARP_SERVICE_CONFIG – option for Host
- NIF_SELECT – NIF of Ethernet interfaces to which Open Diags will be communicated.
- REDIRECT OVER OSM_ENCAPS or REDIRECT OVER IP/UDP
- SUPVSH_CREATE_CHANNEL

After the SUPVSH_CREATE_CHANNEL command, the "Enable diag" commands can be issued before or after enabling Voice (VOPENA) on a specific channel. If traces are required from the beginning of a voice call, the "Enable diag" command must be sent before enabling voice on a specific channel.

*Circle all days you wish your child(ren) to attend.*

| First Name(s) | Grade | Before School *Opens at 6:30 am* | After School *To 6:30 pm* | Kinder Plus SK 1 *To 3:15 pm* |
|---|---|---|---|---|
| BENJAMIN | 3 | M I W R F | M I W R F | M T W R F |
| NATHAN | 1 | M T W R F | M I W R I | M T W R F |
| | | M T W R F | M T W R F | M T W R F |

New Monthly Fee $ _____

*Payments are due in advance of services no later than the first of each month whether a billing statement is received or not. Payments received after the first of each month are subject to a $25.00 late fee.*

**FOR CANCELLATION NOTICE** Child(ren)'s Last Date of Attendance 5/31/13

Brief Explanation VERY SHORT MONTH - SAVING MONEY

I am authorized to make changes to the above named child(ren) s PV Kids Corner enrollment. I understand that this schedule change request must fully comply with PV K ds Corner policy before it will be accepted and that due to possible waiting lists, not all schedule change requests can be accommodated nor readmission guaranteed if a schedule is cancelled. I have read and understand the Cancella ion or Changes in Schedule/ Enrollment policies outlined in the Parent Handbook. I understand that I am fully responsible for all fees incurred if I do not give the PV K ds Corner business office the required advance, written notification of any schedule change request or cancellation per policy. I also understand that all changes and/or cancellations must remain in effect for a m nimum of four weeks.

- August 15 is the last day for parents to prov de the PV Kids Corner business office, with written notification to cancel or request changes in September monthly schedules before the first day of school each year or full fees will be incurred without exception.
- Schedule change requests for mid-September through May enrollment. Parents are required to provide the PV K ds Corner business office with a two-week advance written not fication of any schedule change request or full fees w ll be incurred without exception
- Cancellation notifications for mid-September through May enrollment. Parents are required to provide the PV Kids Corner business office with a two-week advance wri ten unification of cancellation prior to their child s last day. Fees must be paid for the two-week withdrawal notification period. Your child may continue to attend during the two-week period
- May 15 is the last day for parents to pro vide the PV Kids Corner business office with wr iten notification to cancel or request changes in June monthly schedules or full fees will be incurred without exception
- Please confirm rece pt of any school c hange/cancellat on request directly with the business office PV Kids Corner is not responsible for paperwork that is not received at and confirmed by the business office by any specific deadl ne. No exceptions to this policy

**RELENTLESS CHURCH**

100 Cypresswood Dr, Spring, TX 77388
Senior Pastor's Dr Ramson & Estrella Mumba

HI my name is ____ and I am with Relentless Church. Our church is in this area!

- Do you live in the area?
- Do you attend church?
- Have you made Jesus Christ the Lord of your life? *(If they say yes, give them a tract inviting them to any of our services. If they say no, use the information below).*
- Do you have any prayer request?

**It's Simple to be Saved!**

John 3:16 says For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life!

Salvation is simple but it is not cheap! It cost Jesus everything so that salvation could be offered to us freely. God provided salvation so it can be available for anyone who wants it!

This is a test

Start a safe backcountry ski & snowboard season with some serious Avalanche Education.

# AVALANCHE SAFETY COURSES

## JANUARY, 2008

## LEADVILLE, COLORADO

offered by the High Mountain Institute

### Level I Avalanche
### January 2-4, 2008
### $260 ($~~305~~ 320 with lodging)

This three-day Level I Avalanche Course is an intensive course designed for backcountry travelers who want to develop a solid base of avalanche knowledge. The course includes an in depth review and study of terrain, weather, snowpack, and human factors as they relate to travel in avalanche terrain. The course will include several terrain tours to look at avalanche terrain and review the local snowpack.

**Taught by: Brad Sewell** Colorado Avalanche Information Center

### Level II Avalanche
### January 2-5, 2008
### $395 ($~~455~~ 475 with lodging)

Individuals who have completed their Level I certification are encouraged to sign up for an intensive four day Level II course. The focus will be on an in-depth study of snow science, decision-making, and rescue. Students must have a Level I certification or equivalent experience to attend. Much of this course will be field based, students will need to come prepared for several days of terrain tours on backcountry skis with additional classes on campus.

**Taught by: Alan Bernholtz** Crested Butte Mountain Guides

Welcome to

# Windows® Fax and Scan

*One place to scan and fax your documents*

FAX You can send and receive faxed documents on your computer without using a fax machine You can also print, e mail or save a copy of your faxes

To get started

1. Connect a phone line to your computer

   If your computer needs an external modem connect the phone line to the modem and then connect the modem to your computer

2. On the toolbar click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you re finished, create your fax

To connect to a fax server instead of a modem contact your system administrator For more help with faxing, click the **Help** button on the toolbar

SCAN After you add a scanner to your computer you can preview documents or pictures before you scan them, and then adjust your scan settings for better results You can also fax or e mail scanned files to someone else

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner and then place a document or picture on the scanner

2. In Windows Fax and Scan at the bottom of the left pane click **Scans.**

3. On the toolbar click **New Scan.**

4. Choose the scan settings you want to use and you re ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans as you like For more help with scanning, click the **Help** button on the toolbar

**Welcome to the LibreELEC Wiki!**

LibreELEC runs Kodi, an award-winning free and open source (GPL) software media player and entertainment hub for digital media. For more info see http://kodi.tv.

The base system has been designed and built from the ground up to be as efficient as possible – consuming only tiny disk and memory footprints, and providing cutting edge hardware support to deliver a set-top box experience.

LibreELEC supports many of the popular HTPC hardware solutions, from **Raspberry Pi** 0/1/2/3 to **Wetek**, **Odroid C2** and **iMX6** (both via community support), and Intel based machines using **Nvidia**, **AMD** and **Intel** graphics solutions.

Our activities can be (mostly) followed by looking at commits to our GitHub repo, and reading further news posts as they appear on our website.

Thank you for your support! :)

**Visit Note** 5/10/2012

**Patient** Katherine Herzog **MRN** 1110170001
**DOB** 5/7/1946 **Gender** FEMALE **SSN** **RACE** WHITE

**Date of Service** 5/10/2012 10:58
**Type of Service** Office or Other Outpatient Services

# TDM/TDMA NETWORK
## HIGH-THROUGHPUT VSAT PLATFORM

UHP-based TDM / TDMA satellite network provides a comprehensive set of services suitable for telecom and broadband access operators, enterprises of various size, government agencies and broadcast companies. Satellite network provides global coverage and is the fastest and most effective way to connect multiple, geographically distributed users with throughput and quality matching those of modern terrestrial infrastructure in urban areas of developed countries.

### Minimal CAPEX

Every level VSAT network can be based on UHP mini hub, consisting of only one router but able to support more than 2 000 remotes and aggregate throughput up to 100 Mbps. To expand the network, one or more daisy-chained UHP routers can be added to the Hub. This provides online increase of the network performance without any substantial interruption of the service. UHP VSAT hubs have the industry's best cost of acquisition and ownership.

Compact UHP terminals can be installed in a matter of hours anywhere, regardless of the local infrastructure conditions. The same UHP TDM/TDMA network may support "star" and "mesh" terminals and requires no upgrade of the Hub. Cost-effective UHP terminals are easy to install and operate, providing a high level of competitiveness and efficiency in a network of any size, any throughput and any topology.

### Best OPEX

Modern DVB-S2 ACM modulation and coding technologies of the Forward (Outbound) channel combined with unsurpassed, highly-efficient Multi Frequency TDMA protocol provide minimal operating expenses and maximize quality of service.

Owing to the system's high-throughput and on-demand bandwidth allocation, the UHP VSAT network can simultaneously support different applications, such as broadband access, e-mail access to corporate servers, telephony, videoconferencing and data broadcasting. Advanced QoS ensures the required quality of service for each of the terminals and for each particular application. A single UHP network can be shared by multiple operators using the VNO model, which provides efficient use of common infrastructure.

### APPLICATIONS

- Corporate network of any topology
- Broadband access for enterprises and households
- Videoconferencing, distance learning and telemedicine
- Cellular backhaul via satellite

- Support of various topologies: "hub and spoke" "multilevel tree" "mesh"
- High-throughput terminals with up to 229 Mbps in Outbound and up to 28 Mbps in Inbound channels
- Easy and cost-effective scalability up to 254 TDMA inbound channels and 500 000 terminals per network
- Bandwidth-efficient DVB-S2 technology with adaptive coding and modulation
- Innovative bit TDMA protocol with proven efficiency of 96% vs SCPC and LDPC coding
- Ultra low latency VSAT system with round trip delay about 570 ms for TDMA mode of operation
- Support of VLAN, multi level QoS, codec-independent handling of real time traffic, TCP acceleration
- Fast network startup — network is ready for use in less than a minute upon power-up
- User-friendly Network Management System with multi-user web-interface and VNO support
- Optional automatic local or geographic hub redundancy, 1:1 redundant terminals
- Various hardware models, including compact, integrated, rack-mountable and outdoor versions

# Faxing with Ooma

With the proper adaptor, it is possible to send and receive faxes. There are several configuration options, allowing you to select the setup that will be best for you. Before you begin, please keep in mind that you will need to have access to a working fax machine, and possibly a phone splitter in order to use this feature. Once you have all of the necessary tools, check out the guide below for your ideal setup configuration.

## Table of Contents

1. Using your phone and fax machine on the same line
2. Using your fax machine on a dedicated line
3. How to send a fax
4. How to receive a fax
5. I followed the directions but my faxes still aren't working. What can I do?
6. Background information about Voice over IP (VoIP) and Fax Machines

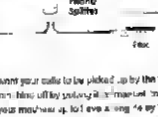
## Using your phone and fax machine on the same line

Using your phone and fax machine on the same line, you'll connect both devices to the PHONE port on the back of your Ooma device. This setup is great if you don't use your fax machine often, or if you usually send faxes, but don't receive them. To get started you will need the following equipment:

- A standard phone splitter
- Your fax machine
- Two phone cords

Plug the phone splitter into the PHONE port of your Ooma device. Connect one of your phone cords to your telephone and the other to your fax machine's phone input as shown in the image below:

Note: If you are using an Ooma Hub set-up, it is recommended that you connect your fax machine directly to the Ooma Hub and not to an Ooma Base.



If you don't want your calls to be picked up by the answering machine, you should turn the answering machine on your fax machine off by pressing the "answer" button. If you prefer to leave your fax machine on, you may want to set your machine up to let it ring a few times before it picks up in order for you to answer your phone calls. You may need to refer to your fax machine's user manual for more information on how to do this.

# How to Make a Moscow Mule

You'll need lime juice, vodka and ginger beer

BY DAVID WONDRICH

Moscow Mule

## Moscow Mule Ingredients

- 1/2 ounce lime juice
- 2 ounces vodka
- 4 to 6 ounces ginger beer
- Collins glass

## Instructions

Beaker

fax test

– ignore!

**MIG** MEMPHIS INVESTORS GROUP

A Non-Profit Real Estate Education Corporation

7946 Winchester Rd., Suite 109-109
Memphis, Tennessee 38125-2311

# Corporate Sponsorship Program Application

Type of Sponsorship Preferred. ☐ Silver ($500) ☐ Gold ($1,000)

Official Business/Company Name _____

Primary Representative (name & title) _____ Years in business _____

Primary Phone # _____ Secondary Phone # _____

Email _____ Fax # _____

Mailing Address: Street & Number _____

City _____ State _____ Zip _____

Company Website _____

Does your business require special licensure or certification? ☐ Yes ☐ No (If yes, please provide current copy with app.)

Do you have a standard local business license? ☐ Yes ☐ No (If yes, please provide current copy with app.)

Product(s) or Service(s) you intend to provide to MIG members _____

NOTE. MIG highly recommends our Corporate Sponsors provide incentives, discounts or special promotions on their products/services to our regular MIG members. Although not required, if you provide such additional benefits:

- You will increase the likelihood of our members noticing your advertising (e.g. A coupon speaks louder than bold print!).
- You will likely "stand out" more over the competition as a supporter of the Memphis Real Estate Investment Community!
- You will increase the overall benefits-base of being a regular MIG member which draws even more new members into your advertising realm!

Do you/your company intend to offer any incentives, discounts, or special promotions to MIG Members?
☐ Yes ☐ No ☐ Unknown at this time
If so, explain. _____

DISCLAIMER: Be advised that MIG reserves the right to accept or deny any regular or vendor membership application at the discretion of the MIG Board of Directors. Your application will be reviewed by the Board based on the following criteria.

1. Value/need of the product or service you wish to provide to our Regular Membership.
2. The number of vendors/service providers of "like kind" in your specific category.
3. The overall reputation of your particular business or company, if any.

Upon assessment of your application by the MIG Board you will be contacted through the information provided above to be notified of your status. This application cannot be accepted unless accompanied by appropriate dues for one (1) year. If vendor membership is declined, any dues paid will be promptly and fully refunded. MIG is a not-for-profit, educational association and does not specifically promote any company, business, business venture, investment or purchase opportunity or any other opportunity under any circumstances. Acceptance of your application as a Vendor Member does not entitle you to use the MIG name in any way nor does it mean that MIG "sponsors" or specifically "promotes" your business or support in any way.

I have completely read, understand and fully agree to the above statements.

*How I Learned To Mind My Own Business*

I was walking past the mental hospital the other day;
And all the patients were shouting, "13... 13... 13!"
The fence was too high to see over, but
I saw a little gap in the planks, so I looked through to see what was going on...
Some idiot poked me in the eye with a stick
Then they all started shouting "14... 14... 14!"

## Two-Earners/Multiple Jobs Worksheet

**Note:** Use this worksheet only if the instructions under line H from the **Personal Allowances Worksheet** direct you here.

1 Enter the number from the **Personal Allowances Worksheet**, line H, page 3 (or, if you used the **Deductions, Adjustments, and Additional Income Worksheet** on page 3, the number from line 10 of that worksheet) . . . . . 1

2 Find the number in **Table 1** below that applies to the **LOWEST** paying job and enter it here. **However:** If you're married filing jointly and wages from the highest paying job are $75,000 or less and the combined wages for you and your spouse are $107,000 or less, don't enter more than "3" . . . . . 2

3 If line 1 is more than or equal to line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Be not use the rest of this worksheet** . . . . . 3

**Note:** If line 1 is less than line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet . . . . . 4

5 Enter the number from line 1 of this worksheet . . . . . 5

6 **Subtract** line 5 from line 4 . . . . . 6

7 Find the amount in **Table 2** below that applies to the **HIGHEST** paying job and enter it here . . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . . . . 8 $

9 **Divide** line 8 by the number of pay periods remaining in 2018. For example, divide by 18 if you're paid every 2 weeks and you complete this form on a date in late April when there are 18 pay periods remaining in 2018. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

### Table 1

| Married Filing Jointly | | All Others | | |
|---|---|---|---|---|
| If wages from LOWEST paying job are— | Enter on line 2 above | If wages from LOWEST paying job are— | Enter on line 2 above | |
| $0 | $5,500 | 0 | $0 | $5,500 | 0 |
| 5,501 | 11,000 | 1 | 5,501 | 11,000 | 1 |
| 11,001 | 16,500 | 2 | 11,001 | 16,500 | 2 |
| 16,501 | 20,500 | 3 | 16,501 | 20,500 | 3 |
| 20,501 | 27,500 | 4 | 20,501 | 27,500 | 4 |
| 27,501 | 43,000 | 5 | 27,501 | 43,000 | 5 |
| 43,001 | 49,000 | 6 | 43,001 | 49,000 | 6 |

## One Response to "How Can I Test My Fax Machine?"

1. *Sharing a fax machine on a voice line – Fax Answers* Says.
   May 23rd, 2006 at 9:16 am

   [ ] I have a fax machine on the same phone line that I use for voice calls. I just tried to send myself a test fax using FaxZero.com. My phone rang, and I thought it was a voice call and then heard the fax sound and hung up. The phone rang again. Now, this time I made it ring about 6 or 7 times. I know that I shouldn't pick it up if

## MammaPrint Result

Unable to provide result for this specimen

ADDENDUM REPORT

[redacted] as a result of the MammaPrint 70-gene expression profile. The MammaPrint result is calculated from a mathematical index formed [redacted] tissue tumors with clinical [redacted]. It is considered low risk when it test is not with indexes 0.0 are considered high risk.

For [redacted] cancer [redacted] with [redacted] at average 10 years distant metastasis-free survival (DMFS) and a 97% 4-year systemic relapse treatment while High Risk indicates an average 10 year DMFS rate of 71% without any systemic adjuvant treatment.

**Additional Comments:**

We were [redacted] request to provide a MammaPrint result [redacted] due to insufficient amount of RNA. Please [redacted] an alternate specimen [redacted] and clinically [redacted].

## Assay Description

[redacted] DNA. A description of MammaPrint with fresh tissue for patients of [redacted] ages with invasive breast cancer within [redacted] lymph node(s) status (cN+/-). Outside the U.S., MammaPrint has acceptable additional specimen [redacted] with fresh and formalin-fixed paraffin-embedded (FFPE) breast cancer tissue for [redacted] with up to 3 positive lymph [redacted] cancer patients. The test is performed using a microarray-based gene expression profile that was independently [redacted] cancer. An unbiased, supervised analysis of the entire human genome - 25,000 genes, followed by a leave-one-out [redacted] model, [redacted] and [redacted] genes that distinguish patients as High Risk or Low Risk of metastasis. Therefore, this MammaPrint result provides [redacted] independently validated, and clinically significant additive information to physicians to help them decide on treatment in early stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 89% for fresh and 97.3% for FFPE, and the repeatability of the measurement is 89% for fresh and 97.8% for FFPE*. Furthermore, when a fresh sample's MammaPrint index (MPI) falls within a pre-defined area around the classification cut-off between -0.0823 and +0.0823, the classification accuracy is less than 90%.

# Sending Faxes with the Numeric Buttons

This section describes dialing and sending faxes directly using the Numeric buttons.

**Important**

It may be possible that faxes will reach unintended recipients due to the misdialing or incorrect registration of fax/telephone numbers. When you send important documents, it is recommended that you send them after speaking on the telephone.
➡ Sending a Fax after Speaking on Telephone

1. Make sure that the machine is turned on
   ➡ Confirming that the Power is On
2. Press the **FAX** button
   The Fax standby screen is displayed
   ```
   FAX     (Start)=Offhook
   05/05 12:00 TEL prior
   ```
3. Load documents on the platen glass or in the ADF
   ➡ Loading Originals

   **Important**

   When sending a double-sided document, load the document on the platen glass. Double-sided documents cannot be automatically scanned and sent from the ADF.

   **Note**

   For details on the types, conditions of document, and how to load the document:
   ➡ Loading Originals
4. Adjust the scan contrast and resolution as necessary
   Adjust the scan contrast and resolution following the procedure below.
   1. Press the **Menu** button
      The **FAX menu** screen is displayed
   2. Use the ◀/▶ button to select **FAX TX settings**, then press the **OK** button.
   3. Use the ◀/▶ button to select **Scan contrast**, then press the **OK** button
      The **Scan contrast** screen is displayed
   4. Use the ◀/▶ button to select the scan contrast, then press the **OK** button.
      ```
      Scan contrast
      ● Lt  Online Hi ▶
      ```
      The ◀ button decreases the scan contrast, and the ▶ button increases the scan contrast.
      By pressing the **OK** button, the LCD returns to the **FAX TX settings** screen.
   5. Use the ◀/▶ button to select **Scan resolution**, then press the **OK** button
      The **Scan resolution** screen is displayed.

# Quick Installation Guide

## Connecting the FXS or FXO Cable (See Figure 1)

⚠ Do not connect a PSTN line or a PBX extension line to FXS ports. Improper connection may cause damage to the equipment and invalid the warranty.

1. Use CAT-5 cable with RJ45 plug at one end and connect it to the ethernet.
2. Insert RJ45 plug into RJ45 jack at the front panel of the gateway. Pull the loose wire into a corresponding patch panel. Proper pairs for (See Table 1-1).
3. Make connection from distribution patch panel to phones, and proper PSTN lines. Be sure to match the line type when making the connection.

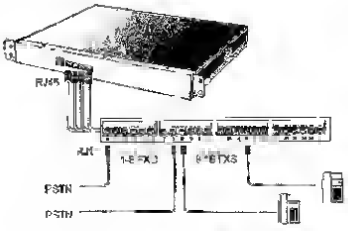

Fig. m Connecting the FXS or FXO cable

## Connecting the Ethernet Cable

1. The default IP address is 192.168.2.88, and the subnet mask is 255.255.0.0.
2. Default GUI login password is [illegible] veip.
3. The default administrator name is **root** and the password is **voipgateway**.

## Grounding

The unit provides chassis ground stub. Use the equipped M4 screw to secure the ground cable to the unit.

## Connecting the Power Cord

Before connecting the power cord, make sure the AC power outlet is provided with a grounded earth contact and the cable routed of the AC power cord is properly grounded.

Each RJ-45 port provides 4-pair analog lines of auto type (FXS/FXO). Refer to the following table of RJ-45 cable wiring for the analog line.

[illegible] A RJ11 plug can be used to [illegible] phone for testing purpose, and is connected to the 3rd pair of the RJ45 connector.

Table 1 Standard table for testing wires of RJ45 plug

| Pin Number | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
|---|---|---|---|---|---|---|---|---|
| Phone Line Number | 1st Pair | | 2nd Pair | | 3rd Pair | | 4th Pair | |
| Wire Type | TIP1 | RING1 | TIP2 | RING2 | TIP3 | RING3 | TIP4 | RING4 |

⚠ Security Warning

1. When the device is not in use, please remove all cables.
2. In case of trouble with the device, turn off the power.
3. Never open it by yourself. For your safety, it is closed.

Signed Report 1 Test for Group booking

Thank you for visiting Wide Open Products

too aggressive it is damaged and as a safety safety like the re transmission of missing packs does not only slows the fax down but in some cases will even cause the fax to fail unnecessarily. In reality, ECM only fails re transmission in very efficient and only enlarges the packets that mention more than a couple of seconds. And if you ever observe such a heavy line that ECM is terribly causing the fax to hang up, well guess what - it is more important than ever to have that ECM on that call. Sure,

**Hello!**

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s)!

If you review the cover sheet which was transmitted with this fax you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file
many other file types (PDF, XLS, PS, RTF, etc) are supported

Information regarding Interpage's fax services may be found at

**http://interpage.net/faxing** - Interpage Fax Services Overview
**http://interpage.net/outfax** - Interpage OutFax send fax service
**http://interpage.net/secure** - Interpage OutFax Secure service
**http://interpage.net/faxup** - Interpage FaxUp fax receive service

..or contact us with questions about Interpage's fax services at

Phone: +1 (650) 331 3900 9AM to 5:30 PM M-F Pacific Time

E-Mail: Insi-support@interpage.net

Web: http://interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may create an account for evaluative purposes by filling out the enclosed form on page 3, and clearly indicating a valid e-mail address and contract to a phone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week; however, if you find that someone is sending you faxes in a continuous and abusive manner please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

**Other Interpage Free service trials:**

**Does your voicemail call you?**

Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers! For details, visit **Interpage.net/voicemail**

**Multiply the value of your old pager!**

Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? try Interpage's DirectPage service! For details, visit **Interpage.net/direct**

**Know for sure that urgent alerts are received!**

OutVoice text-to-speech and WAV file telephone dialout broadcast verbally notifies landlines and cellphones, and can prompt the recipient to confirm receipt so senders can be certain that alerts are received! For details, visit **Interpage.net/outvoice**

# Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?*

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

**To test the send functionality of your fax machine,** send a one-page fax to 1-888-877 1855 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax

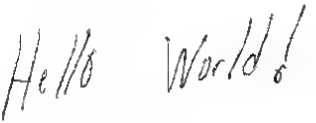
TESTING



Hello World!

From: CARDINAL HEATING & COOLING NH INC 2003
Subject: Re:
Date: September 8, 2015 at 3:00 PM
To: Trevor Goins

You have to log it have a qualifying company have rep or epa certified but then will become more expensive.

On Sep 8, 2015 2:01 PM, "Trevor Goins" < > wrote:
I forgot to ask, am I able to apply for a rebate from the power company on this unit/install?

### 3 Enter the TFTP Recovery mode on the Yealink Phone

To do that, when the phone is completely powered off hold the speaker button.

For old Yealink phones, press the first DSS key on the side of the phone instead

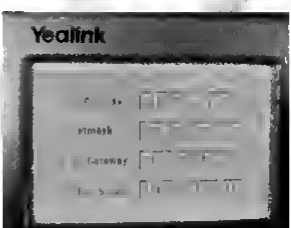
Then, power the phone (either via POE or PSU unit) and keep holding the button for approximately 10 seconds until you see this TFTP recovery mode screen on the phone display

### 4 Configure the TFTP mode

| | |
|---|---|
| **IP Address** | Give the phone an IP within the same network range as the TFTP server |
| **Subnet mask** | Leave it as it is or put 255.255.255.255 instead |
| **Default Gateway** | Leave it as it is or enter a dummy value |
| **Server IP** | Your TFTP server IP address which can be found in the **server interface** |

i.e. [redacted]

Your TFTP mode configuration should look something similar to this.



### 5 Start the TFTP Recovery

Hit the OK button on the phone to start the recovery. You will see an update of the process on the phone's screen, please do not disconnect the phone during this stage until it initializes completely. This is very critical, as doing so will corrupt the phone system image permanently

**Important notes:**
- All command prompts are case sensitive!
- Do not type the quotation marks with the commands!

**Telnet procedures:**
- Open the Run Command by clicking on **Start** then **Run**
- Type **cmd** in the field
- A DOS window will open. Type **telnet 1d d d 13d** at the prompt
- You'll see the **User** prompt. Do not enter anything and simply hit Enter. If you see a password prompt, enter the system password you set
- You'll see a banner on the screen with a => prompt below the banner
- Depending on firmware version you will type in one of two commands to enter Expert mode

  - Type **"EXPERT"** (upper case) at the prompt if you have firmwares 261 or below
  - Type **"td prompt"** (lower case) at the prompt if you have firmwares 264 or above

- After you enter the proper command, you'll see a screen similar to this (varies by firmware)

```

Thank you for choosing InnSight. Our Support Team is available 24/7 to assist you with your booking.

TESTING

Step 1: (a) Ensure the Internet light is ON on the modem.

Connect to the internet directly off of the modem by either

1.a Wired connection to one of the four available ports on the back

1.b Wireless: Connect to the Comcast 6969 network with password on bottom of modem

Step 2: Browse to 192.168.1.1 and login into the web page displayed with the following credentials

Username: admin password: on bottom of modem

Step 3: Select Advanced Setup

Step 4: Select WAN settings along the left hand side

Step 5: For ISP protocol select Transparent Bridging

Step 6: Click OK or APPLY

Step 7: From another computer (not the one connected in step 1) browse to https://192.168.2.1:4443 and if prompted proceed/continue to this site

Step 8: When the site comes up you will see near the center three options, including connect, disconnect and refresh. Click connect and if prompted for username and password provide the information. If a profile should then login to one vetted and your internet should be working again.

Username: Admin password: provided by Rob

# Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?*

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

**To test the send functionality of your fax machine,** send a one-page fax to 1-855 330-1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

# Satisfy Your Family With Sizzling Steak Tacos

Craving Mexican food? There's no need to go out for a heavy calorie-loaded Mexican dinner. Forgo the extra fat and calories, and instead create this delicious steak taco meal for your family. It combines savory and sweet flavors and can be prepared in less than 25 minutes!

**Chipotle Flank Steak Tacos With Pineapple Salsa**

**Ingredients**

- 12 soft corn tortillas
- 1 teaspoon extra-virgin olive oil
- 1 teaspoon chipotle chili powder plus 1 pinch divided
- 1 teaspoon Kosher salt divided
- 1 pound flank steak beef trimmed of fat
- 1 pineapple peeled cored and cut into 1/2-inch-thick rings
- 1 red bell pepper finely diced
- 1/2 cup minced red onion
- 1/4 cup chopped fresh cilantro
- 2 tablespoons red-wine vinegar

**Preparation**

1. Preheat grill to high. Stack tortillas and wrap in heavy-duty foil. Combine oil 1 teaspoon chipotle powder and 1/2 teaspoon salt in a small dish. Rub mixture into both sides of steak. Place the tortilla stack on the coolest part of the grill or upper warming rack, if possible, and heat, flipping once, until warmed through and very pliable.
2. Meanwhile grill the steak for 4 to 6 minutes per side for medium or until desired doneness. Grill pineapple rings until moderately charred 1 to 2 minutes per side. Remove the tortillas, steak, and pineapple from the grill. Let the steak rest for at least 5 minutes before slicing very thinly crosswise into strips.
3. Meanwhile dice the pineapple and transfer to a medium bowl. Add bell pepper onion cilantro vinegar the remaining pinch of chipotle powder and the remaining 1/2 teaspoon salt; toss to combine. Serve the sliced steak in the warm tortillas with the pineapple salsa.

AccessFirst
EQUIPMENT FINANCING

**Website**
www.AccessFirstCapitalInc.com

**MISSION**

As an award winning equipment financing company, our goal is to provide Easy Access to equipment leasing and financing at competitive rates, and without the typical hassle of traditional bank financing.

**APPLICATION-ONLY programs:**

Tax returns and financial statements not required up to $250,000 with rates as low as 3.95%

**COMMERCIAL programs:**

On transactions over $100,000 and with an abbreviated financial package rates start at 2.9%

**100% FINANCING:**

We provide financing for the equipment purchase as well as any additional soft costs associated with installation, training, delivery or even working capital

GUARANTEED CONFIDENTIALITY:

AccessFirst does not sell, trade or rent your personal information to others. Any information you provide to AccessFirst will be used only to service your account with us. We may share information with our affiliated companies in order to provide you with additional valuable information about products and services that may be of interest to you. If you prefer that we not share your personal information with our affiliates for this purpose, please contact us at 203-842-8487.

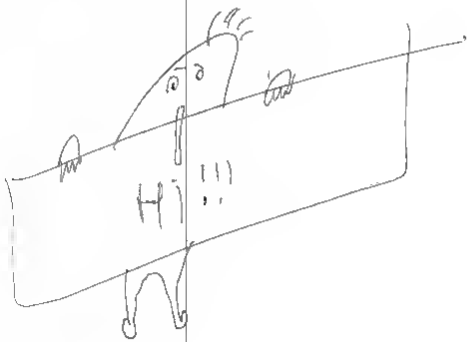
MRMC



**LAB4-Using CSS**

The purpose of this lab is to introduce basics of Cascading Style Sheets. Upon completion of this lab you will be able to apply style to a variety of elements, using an internal style sheet.

Create a web page. By now you know that you must use the HTML template with all the appropriate information. This document must contain:

- One <h1> element
- One <h2> element
- Background image - this should be less than 100px. We will have it tile down the left side of the page.
- Three paragraphs
- A horizontal rule
- At least one image
- An unordered list with a second list nested in the first
- A link to another site
- A link to your email address

Content is up to you, but I ask that you be as creative and interesting as possible.

Use an internal style sheet to apply the following style to your document. You must use CSS declarations to apply the style. I encourage you to play around with CSS and experiment with some of the neat things you can do.

- <h1> tags are red, sans-serif, and centered
- <h2> tags are blue, sans-serif, and aligned to the left
- all paragraphs are indented by 2em
- the background color of the document is tan, the color of text is black, and the left margin is at 120 px
- the background image is tiled down the left side of the page
- the outer list uses a square as a bullet
- the inner list uses a circle as a bullet
- horizontal rules have a width of 75%, and a color of #006699
- all images have a thin dashed border, with a color of #006699
- unvisited links are blue with no underline
- visited links are purple with no underline
- hovered links are white with a blue background
- create a class called first_cap which increases the size of the first letter of the first paragraph by 2em. This class applies only to the first paragraph

**1) Adding a client entry to Asterisk's SIP configuration**

✔ edit the SIP configuration file /etc/asterisk/sip.conf

```
# sudo vi /etc/asterisk/sip.conf
```

✔ enter an entry for each X-Lite client, for example

```
[12345]          ; X-Lite client 12345
type=friend
secret=blah
auth=md5
nat=yes          ; we assume clients are behind NAT
host=dynamic     ; and have dynamic IP addresses
canreinvite=no   ; if so, we need to make them
usereinvite=no   ; always go through Asterisk
qualify=1000
dtmfmode=inband
callerid="Fred Flintstone" <12345>
disallow=all
allow=gsm        ; add whatever other codecs we fancy
context=theflintstones ; use a context that exists ;-)
```

✔ save the changes

**2) Adding extensions for X-Lite clients**

✔ edit the Extensions configuration file /etc/asterisk/extensions.conf

```
# sudo vi /etc/asterisk/extensions.conf
```

✔ enter one catch-all extension, for example

```
[theflintstones]    ; Our context for X-Lite clients
;
; Catch all five digit numbers, no leading zeroes
exten => _[12345789]XXXX,1,NoOp("call for ${EXTEN}")
exten => _[12345678]XXXX,2,Dial(SIP/${EXTEN},60,tr)
exten => _[12345,789]XXXX,3,Congestion
```

✔ alternatively, enter one specific extension for each client

✔ save the changes

**3) Reload the new configuration**

✔ on the Asterisk console, reload the configuration files

```
*CLI> reload
```

that's it – we're done

# BILINGUAL CHILDREN'S BOOKS IN ENGLISH AND SPANISH WITH AUDIO CDs

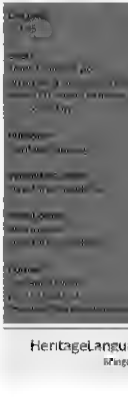
## Great resources for Spanish or English learners in grades K-5

ISBN 978-0-9838046-0-4
Published: December, 2011

ISBN 978-0-9838046-2-8
Publ shed: December, 2011

ISBN 978-0-9838046-1-1
Published: December, 2011

ISBN 978-0-9838046-3-5
Published: February, 2012



Heritage Language books are great resources for Spanish or English learners in both the classroom and at home. Each book has the two versions of the story on facing pages: English on the left and Spanish on the right. By not interleaving the two, kids can read in any one language without unnatural interruptions and easily figure out new vocabulary and grammar constructs by referencing the translation on the adjacent page. The books come with an audio CD with readings of the story in both languages and in two versions each, a great aid for developing a native-like accent.

Each book in our collection make kids practice a specific grammar topic as shown above.

**About the author**

Ariana Pacheco, a doctoral student of Hispanic American Literature at the University of Texas at Austin, has taught Spanish as a second language for most of her professional life. She loves languages and enjoys finding better and more creative ways to teach them. She also enjoys writing stories and sharing them with kids and young adults alike.

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below.

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 9600 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (90 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

## Further Assistance

If you need further assistance using your Vonage Fax Service, we're always available to help.

- Any change in your credit load may affect your academic standing, progress, tuition, requirements, as well as your eligibility for financial assistance, or receive veterans' educational benefits.
- You are responsible for the financial obligations related to your registered courses.
- If you have a disabling condition or if you have a recent medical condition, in order to have reasonable access to our programs and services, you must register with Disability Support Services. Please call [illegible] for more information.
- Classes will be held only if a sufficient number of students enroll. Classes may be postponed or cancelled. If a class is postponed or cancelled, you will be notified by the college. If a class is cancelled, you will receive a full refund. For more information, please contact Student Accounts regarding your refund at 454-1021.
- Student signature is required on all registration forms.
- Applicants are subject to background checks.

# *Minnie Minoso, Treasured White Sox Ballplayer, Is Dead*

By [illegible]

Minnie Minoso, the [illegible] popular All-Star outfielder from Cuba who became the major league's first black player out of Latin America and a treasured figure in the history of the Chicago White Sox, died on Sunday in Chicago. He was [illegible] and had been battling [illegible] for [illegible] years.

His death was announced by the White Sox. The exact time and place [illegible] has not been [illegible] Minoso [illegible] the Chicago Tribune.

Minoso was often called [illegible] the only baseball player integrated by [illegible] the product of a racial [illegible] by the White Sox's owner, owner Bill Veeck, who brought him out of retirement for [illegible] games in 1976 and two at bats in 1980.

He [illegible] was [illegible] of the finest [illegible] and [illegible] power, four All-Star selections, [illegible] of the 1950's. [illegible] the era of three-true Gold Glove winner played [illegible] and a star man on the teams [illegible] known as the Go-Go Sox, and has [illegible] the top at the White Sox [illegible] Comiskey Park and [illegible] the baseball world beyond.

# The Driver for Your Product is included in the Windows 7 Operating System

Print | Share | Feedback

## Introduction

The drivers for your HP product are already included in the new Windows 7 operating system! You do not need to download drivers to use the product. Simply connect the printer to your computer with a USB cable, and Windows 7 automatically installs the driver for your product. With the Windows some of the buttons on the product do not function and some of the advanced product features are not available. For more information about your In-OS driver and to see workarounds for scanning, click here to go to the Frequently asked questions below.

## Install the Windows 7 In-Operating System (In-OS) print driver

When you connect the product to the computer, Windows 7 detects the hardware and automatically installs the correct driver. A notification icon appears when installation begins and when it is complete. You do not have to download any software to install the product. Follow these steps to install the basic driver in Windows 7.

1. Turn the product on.
2. Connect the USB cable to the product, and then to the computer.
3. Windows 7 detects the hardware and automatically installs the correct driver. A notification window displays on your computer to let you know when installation is complete.

Your basic Windows 7 driver is now installed. Some functions might not be available, but you can use workaround procedures instead. See the Frequently asked questions below.

## Step two: Print a document

Print a few pages to make sure your printer is working correctly.

1. Open a document in the software application in which it was created.
2. Click **File**, and then click **Print**.

## Frequently asked questions

Click the plus sign (+) for more information.
Show all | Hide all

### What can I do if the driver installation failed?

If your Windows 7 driver failed to install, click this link. The driver in the Windows 7 Operating System Failed to Install for troubleshooting steps.

### What limitations will I see with a Windows 7 In-OS driver?

Note the following limited functionalities with an In-OS driver:

- No access to HP Solution Center. You will not have access to HP Solution Center (...).

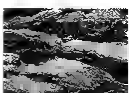
# Puff Pastry Apple and Raisin Strudel

Recipe courtesy Dave Lieberman

| | | | |
|---|---|---|---|
| Prep Time: | 20 min | Level: | Serves: |
| Inactive Prep Time: | | Easy | 6 to 8 servings |
| Cook Time: | 40 min | | |



## Ingredients

2 large Golden Delicious apples, peeled, cored and sliced 1/8 to 1/4-inch thick

1 lemon, juiced

1 cup raisins

1/4 cup sugar, plus 3 tablespoons

2 tablespoons cold butter, cut into small pieces, plus 2 tablespoons butter, melted

All-purpose flour, for dusting

1 sheet frozen puff pastry, thawed

1 teaspoon ground cinnamon

## Directions

Position an oven rack in the center of the oven and preheat to 375 degrees F.

In a medium bowl, toss the sliced apples with the lemon juice until the apples are thoroughly coated. Add the raisins, 1/4 cup sugar, and the 2 tablespoons cold cubed butter and toss well. Set aside.

Lightly dust the counter or work surface with flour. Lay the puff pastry on top and dust the rolling pin with additional flour. Gently roll the puff pastry to 1/8-inch thickness.

Spread the apple and raisin mixture over the bottom half of the puff pastry square, leaving about 1-inch of space along the side edges. Fold the top half of the puff pastry over and pinch to seal the edges together.

Brush the entire strudel with the melted butter and then sprinkle with cinnamon and remaining sugar. Using a serrated knife, make 3 diagonal slits across the top of the strudel.

Place the strudel on a parchment lined baking sheet and bake for 40 minutes, rotating halfway through cooking, until the pastry is puffed and golden brown.

COX Business

**Dear Valued New Customer**

From all of us at Cox Business Welcome! And thank you for choosing us as your communications partner. We appreciate the trust you've placed in us and we're committed to serving your business with reliable service and support.

The CD has key information and useful resources to get you up to speed with your new services and help you manage them for maximum efficiency. Within this CD you'll find

- *User's Guides* for Cox Business *Internet, Video* and *Telephone* complete with *setup information, frequently-asked questions, and other helpful details.*
- *Information on how to read your bill from Cox Business.*
- *Information about Your Privacy as a Cox Customer*

As you begin to use your Cox services, remember that as your company's needs grow, you may require changes or additions to your services. Our scalable solutions provide you with just the products you need to meet your business demands. And you'll enjoy the added efficiency of having one local partner supporting all your data requirements, with one dedicated technical support team serving you 24/7. If you have any questions, or need additional information or help in any way, please call us at these numbers

**For local customer care: 1-866-272-5777.**
**For 24/7 technical support, 1-866-272-5111.**

Once again, our sincere thanks for the privilege of serving your business.

Yours truly,

Leigh D King

# ZoomRx Psych Thought Leader Panel

Dear [illegible],

We invite you to participate in your personalized ZoomRx Psych Thought Leader panel.

We would like to schedule a 30-minute call with you to discuss your interest, availability and eligibility. Please schedule a time to call ZoomRx Psych Thought Leader panel.

**Getting Started takes less than 5 minutes.**

- Download the ZoomRx app to your smartphone
  - Search for "ZoomRx" in Google Play or Android App Store, look for the green app
  - Visit zoomrx.com/mobile to download the app for Android platforms
- Claim Your Profile
  - Enter your Name & Email to claim your profile in ZoomRx [illegible]
- Start accumulating reward points in February, 2014

We look forward to engaging the ZoomRx Psych Panel. Please hesitate to contact us with questions or concerns.

Sincerely,
The ZoomRx Team

*Annual Scholarship Brunch*

# TSU National Alumni Association Atlanta Chapter

## Membership Information

The *TSU Atlanta Alumni Chapter* would like to encourage you to become a member. Membership dues are vital to our organization as we strive to provide scholarships to worthy Atlanta area TSU students. The fiscal year is from July 1st to June 30th. However, due to processing times, all dues paid after March 31st will go toward the next fiscal year which doesn't begin until July 1st. You must be financial during the current fiscal year to have voting privileges for that year's National Alumni Association and/or chapter elections.

Your support is greatly appreciated. However, you do not have to be a paid member to attend our monthly alumni meetings or otherwise support our chapter. Please don't let that be a deterrent and keep you away. We are always in need of fresh ideas of ways to raise money for scholarships and book stipends.

- Please refer to the *Atlanta Chapter Constitution* for

# MOVING? Use this handy list to keep you organized!

## Moving Checklist – Here's a helpful list to keep you organized during your move!

- ☐ **Sort and purge**
  - Decide what to keep and what to get rid of.
- ☐ **Organize your records.**
  - Gather records, tax documents, insurance, children's school records… to keep handy during your move.
- ☐ **Order supplies.**
  - Order boxes, tape, bubble wrap and permanent markers.
- ☐ **Choose your mover and confirm the arrangements.**
  - Research moving companies and/or truck options. Select and confirm moving date and terms in writing.
- ☐ **Begin packing and label boxes.**
  - Pack the things you use most infrequently. Clearly label the boxes.
- ☐ **Call DISH Network to move your service – for FREE!**
  - Call 1-888-557-9569 to schedule your DISH Network move and add High-Speed Internet and phone for your new home
- ☐ **Fill out a change of address.**
  - Fill out a change-of-address form at your local post office or online at www.usps.gov.
- ☐ **Notify important parties of your move.**
  - Important parties include banks, brokerage firms, human resources, magazine/newspapers, credit cards, insurance and utility companies.
- ☐ **Refill prescriptions.**
  - Stock up on prescriptions you'll need during the next couple of weeks.
- ☐ **Pack your suitcases.**
  - After your home is packed, pack suitcases for each family member with enough clothes to wear for a few days.

**CALL**
**1-888-557-9569**
to schedule your hassle-free move today.

## Information for people who receive Supplemental Security Income (SSI)

| [illegible] | 2006 | 2007 |
|---|---|---|
| Individual | $603 | $623 |
| Couple | $904 | $934 |
| ***Monthly income limits*** | | |
| Individual whose income is only from wages | $1 291 | $1,331 |
| Individual whose income is not from wages | $628 | $648 |
| Couple whose income is only from wages | $1,898 | $1 953 |
| Couple whose income is not from wages | $924 | $954 |

*NOTE: If you have income, your monthly benefit generally will be lower than the maximum federal SSI payment. Remember you must report all of your income to us. Some states add money to the federal SSI payment. If you live in one of these states, you may qualify for a higher payment. Your income can be greater than the limits indicated and you still may qualify.*

## Information for people on Medicare

| [illegible] | 2006 | 2007 |
|---|---|---|
| ***Hospital Insurance (Part A)*** | | |
| For first 60 days in a hospital, patient pays | $952 | $992 |
| For 61st through 90th days in a hospital, patient pays | $238 per day | $248 per day |
| Beyond 90 days in a hospital, patient pays for up to 60 more days) | $476 per day | $496 per day |
| For first 20 days in a skilled nursing facility, patient pays | $0 | $0 |
| For 21st through 100th days in a skilled nursing facility, patient pays | $119 per day | $124 per day |
| ***Part A Premium Say-In:*** The amount of the premium you pay to buy Medicare Part A depends on the number of Social Security credits you have earned. If you have. | | |
| 40 credits | $0 | $0 |
| 30-39 credits | $216 per month | $226 per month |
| less than 30 credits | $393 per month | $410 per month |
| ***Medical Insurance (Part B)*** | | |
| Premium | $88.50 per month | $93.50 per month** |
| Deductible | $124 per year | $131 per year |
| | After the patient has paid the deductible, Part B pays for 80 percent of covered services. | |

*NOTE: If you get Medicare and your income is low, your state may pay your Medicare premiums and in some cases your deductibles and other out-of-pocket medical expenses. Contact your local medical assistance (Medicaid) agency social services or welfare office for more information.*

***Standard monthly premium is $93.50. Some people with higher incomes pay higher premiums.*

Ad

Prep: 5 mins | Cook: 15 mins | Ready In: 20 mins | Servings: 1 to 2 Persons

Servings (info)

1/2 | 1 | 2 | 4 US ○ Metric Calculate

Original Recipe Yield 2 cups

Ingredients

2 tablespoons butter

2 tablespoons grated onion

2 tablespoons all-purpose flour

2 cups whole milk

3 ounces Roquefort cheese

1/8 teaspoon salt

1/4 teaspoon ground white pepper

3 grain dried thyme

1 pinch ground nutmeg (optional)

Directions

1. Melt butter in a 1-quart small saucepan over medium heat. Add onion and cook, stirring occasionally, until translucent, about 5 minutes.
2. Stir in flour and cook, stirring constantly, for 1 minute.
3. Add whole milk and cook, stirring constantly, until thickened, about 5 minutes.
4. Add Roquefort cheese and stir until melted. Season with salt, white pepper, thyme, and nutmeg. Serve immediately.

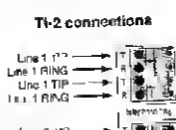
# TI-2 Servicing Instructions

**CAUTION:** THESE SERVICING INSTRUCTIONS ARE FOR USE BY QUALIFIED SERVICE PERSONNEL ONLY. TO REDUCE THE RISK OF ELECTRICAL SHOCK, DO NOT PERFORM ANY SERVICING OTHER THAN THAT CONTAINED IN THE OPERATING INSTRUCTIONS, UNLESS YOU ARE QUALIFIED TO DO SO

THIS DEVICE MUST BE INSTALLED BY QUALIFIED, TRAINED PERSONNEL. CONNECTIONS TO THE TELEPHONE NETWORK MUST BE MADE WITH #26 AWG SOLID COPPER WIRE FOR CONTINUED SAFETY WIRE SHALL BE STRIPPED TO 9.0 mm OR 0.35 i

**TI-2 connections**



The TI-2 series is a cage type connector. To assure reliable operation, it is important that only one wire be connected per spring. Each line connects to a small spring, other switching circuitry and is disabled when a key adjacent to the key is fully inserting the wire. Release the key to capture the wire.

Each of the TI-2's interconnection points has a separate connector. The pairs may be disconnected for diagnostics or wiring when the jack is not in use. Each line has two parallel connections for TIP and two parallel connections for RING. This allows one of each to be used for telephone wiring and another (if needed) to be connected in parallel with the telephone line when the TI-2 is disconnected. The T-2 maintains a continuous path in the event that it is used to the TI-2 as possible. Always use #26 AWG solid copper wire stripped to 0.35 inches (9mm) for continued safety

EPSON
EXCEED YOUR VISION

# Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

## Drivers & Support

Downloads, FAQs
Help, and more

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

# PIANO POLICIES

## The Complete Guide Making Yours Effective and Enforceable

### Where do I begin?

Franklin Covey encourages anyone wishing to be successful to "begin with the end in mind." You will greatly benefit from doing this even if you have been teaching for years. Asking questions like, "What ages do I like teaching? What are my strengths? How much money do I need to make?" and other questions will help you make sure that you love teaching for life! Diane Hidy has a wonderful document called the "Piano Teacher Questionnaire" that will help you envision how you want your studio to look in the future. See DianeHidy.com

### How much should I charge?

There are a number of factors that go into calculating your tuition. These include the price of your competitors (which are mostly dance and sports) and knowing what the going rate is in your area. However, keep in mind that other teachers in your area may not be charging a rate that is fair to them. Rely more heavily on the price of your competitors as well as calculating your expenses. Learn more: www.composecreate.com/how-do-i-find-out-going-rates/

### Why do I need a policy?

Constructing an effective and enforceable policy is ultimately about preserving our relationships with our piano families. By communicating our expectations formally, we are creating space to concentrate on what is most important - our teaching.

### But a policy feels so stiff and formal!

Requiring that parents read your policy and sign an agreement to terms may indeed feel formal. But since a properly written policy functions as a legal contract, this step is important because it:

- Clarifies what the family can expect of you
- Clarifies what you expect of them
- Communicates how common issues will be handled

Clarifying and communicating these things is comforting and freeing for both you and your families. As a result, your mind will be more free to teach creatively, parents and students will

## What Name and Number To Give the Requester

| For this type of account: | Give name and SSN of: |
|---|---|
| Individual | The individual |
| 2. Two or more individuals (joint account) | The actual owner of the account or, if combined funds, the first individual on the account (1) |
| 3. Custodian account of a minor (Uniform Gifts to Minors Act) | The minor |
| 4. a. The usual revocable savings trust account (grantor is also trustee) | The grantor-trustee |
| b. So-called trust account that is not a legal or valid trust under state law | The actual owner |
| 5. Sole proprietorship or disregarded entity owned by an individual | The owner (3) |
| 6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A)) | The grantor (4) |
| **For this type of account:** | **Give name and EIN of:** |
| 7. Disregarded entity not owned by an individual | The owner |
| 8. A valid trust, estate or pension trust | Legal entity (5) |
| 9. Corporation or LLC electing corporate status on Form 8832 or Form 2553 | The corporation |
| 10. Association, club, religious, charitable, educational or other tax-exempt organization | The organization |
| 11. Partnership or multi-member LLC | The partnership |
| 12. A broker or registered nominee | The broker or nominee |
| 13. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments | The public entity |
| 14. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulations section 1.671-4(b)(2)(i)(B)) | The trust |

(1) List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

(2) Circle the minor's name and furnish the minor's SSN.

(3) You must show your individual name and you may also enter your business or DBA name on the "Business name/disregarded entity name" line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

(4) List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships*, earlier.

(5) Show the name of the owner if the account has only one owner; the name of each owner if it has more than one owner, up to four names; the name of the partnership if the account is held by a partnership; or the name of the corporation if the account is held by a corporation. For joint accounts, list the first, circled name and then any other names separated by "and" or "&."

*Note: If no name is listed on the account, list any person(s) with authority to open, use, or manage the account.*

## Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name or number printed on the notice or letter. If you have questions about your account or to report an address change, contact the IRS at the number listed in the notice or letter. If you have not received a notice or letter but you suspect that you may be a victim of identity theft, contact the IRS at 800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case hotline at 877-777-4778 or TTY/TDD 1-800-829-4059.

Protect your child from identity theft. To protect your child's identity, secure their SSN or ITIN and carefully guard any documents that show it. Only share it when it's necessary for your child's tax or other important records. Ask questions to understand how the information will be used and what happens if it is not provided. Ask if your child's information can be kept confidential. Learn more about how to protect your child's identity and what to do if it is compromised.

Report fraudulent emails claiming to be from the IRS. You may forward the message to phishing@irs.gov. You can also report misuse of the IRS name, logo, forms or other IRS property to the Treasury Inspector General for Tax Administration at 800-366-4484. Contact the FTC at identitytheft.gov to report identity theft and get a recovery plan. You can also contact the FTC to report unwanted calls, emails, or text messages. To learn more about identity theft and how to reduce your risk, go to www.irs.gov/IdentityTheft.

## Privacy Act Notice

Section 6041 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not furnish a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

# Random Stuff Sent From Your Fax Machine

Fax something interesting toll free to 1-855-330-1230 or +1-213-294-2943

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-855-330-1230 (your bank will never notice, maybe) or 1-213-294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (For a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear. Or, try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

single activity that *has* proved to be, at once more strenuous than walking while building power like the squat?

"I think actually, that you can make a strong case for H I T," Gibala said. High-intensity interval training, or H I T as it is familiarly known among physiologists, is essentially all-interval exercise. As studied in Gibala's lab, it involves grunting through a series of short, strenuous intervals on specialized stationary bicycles, known as Wingate ergometers. In his first experiments, riders completed 30 seconds of cycling at the highest intensity the riders could stand. After resting for four minutes, the volunteers repeated the interval several times, for a total of two to three minutes of extremely intense exercise. After two weeks, the H I T riders, with less than 20 minutes of hard effort behind them, had increased their aerobic capacity as much as riders who had pedaled leisurely for more than 10 hours. Other researchers also have found that H I T reduces blood-sugar levels and diabetes risk, and Gibala anticipates that it will aid in weight control, although he hasn't studied that topic fully yet.

The approach seems promising, since most of us have minimal time to exercise each week. Gibala last month published a new study of H I T, requiring only a stationary bicycle and some degree of grit. In this modified version, you sprint for 60 seconds at a pace that feels unpleasant but sustainable, followed by 60 seconds of pedaling easily, then another 60-second sprint and recovery, 10 times in all. "There's no particular reason why" H I T shouldn't be adaptable to almost any sport, Gibala said, as long as you adequately push yourself.

Of course, to be effective, H I T must hurt. But a study published last month found that when a group of recreational runners practiced H I T on the track, they enjoyed the workout more than a second group of runners who jogged continuously for 50 minutes. The H.I.T. runners, the study's authors suspect, were less bored.

The only glaring inadequacy of H I T, as that it builds muscular strength less effectively than, say, the squat. But even that can be partially remedied, Gibala said. "Sprinting up stairs is a power workout and interval session simultaneously." Meaning that running up steps just might be the single best exercise of all. Great news for those of us who could never master the butterfly.

# Firmware Release Note

| Model | SL-C460FW | Date | January 4, 2016 |
|---|---|---|---|

| Version | Category | Change Description |
|---|---|---|
| **V3.00.02.06**<br>(7 Apr 2014) | Fix Defect | Fixed the problem that Android 4.3 (JB) mobile device can't connect when wifi direct connection was max |
| | | Fixed NFC communication problem. |
| **V3.00.02.07**<br>(15-Apr 2014) | Fix Defect | Improvement of Color to Mono Printing Problem |
| | | Fixed Google Cloud Print state ("disabled" data control) |
| | | Changed the target temperature for improvement of Downshot |
| **V3.00.02.13**<br>(10-Oct, 2014) | Fix Defect | Try to printing JPEG files via AirPrint on iOS8, printer is rebooting. |
| **V3.00.02.16**<br>(22-Dec, 2014) | Fix Defect | Fix USB PC printing blocking problem |
| **V3.00.02.21**<br>(4-Jan, 2016) | Feat Func | Apply to Samsung Cloud Print |
| | | Apply new font to PCL5 PCL6 |
| | Fix Defect | [Google Cloud Print] Print & document(s) does not work properly. |
| | | Improve Fax communication on VoIP line(for Israel "HOT" line) |
| | | Fix ADF color scan issue(yellow color drop) |
| | | Fix Print quality(pollution) issue |

※ Note

-Please do not turn off the printer and your computer until firmware update finishes

-If you are using USB connection, disconnect all other USB printers from the PC.

-The firmware update you are about to install has been tested for compatibility with Samsung toner cartridge products ONLY

Installing The upgrade may cause a non-Samsung toner cartridge to malfunction.

-Do not run your printer during the firmware update.(Do not have any print job)

**Privacy Act and Paperwork Reduction Act Notice.**
We ask for the information on Form 941 to carry out the Internal Revenue laws of the United States. We need it to figure and collect the right amount of tax. Subtitle C, Employment Taxes, of the Internal Revenue Code, imposes employment taxes on wages and provides for income tax withholding. Form 941 is used to determine the amount of taxes that you owe. Section 6011 requires you to provide the requested information if the tax is applicable to you. Section 6109 requires you to provide your identification number. If you fail to provide this information in a timely manner, or provide false or fraudulent information, you may be subject to penalties.

You're not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books and records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law.

Generally, tax returns and return information are confidential, as required by section 6103. However, section 6103 allows or requires the IRS to disclose or give the information shown on your tax return to others as described in the Code. For example, we may disclose your tax information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. commonwealths and possessions, for use in administering their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

The time needed to complete and file Form 941 will vary depending on individual circumstances. The estimated average time is:

| | |
|---|---|
| **Recordkeeping** | 13 hr. 52 min. |
| **Learning about the law or the form** | 47 min. |
| **Preparing, copying, assembling, and sending the form to the IRS** | 1 hr. 3 min. |

If you have comments concerning the accuracy of these time estimates or suggestions for making Form 941 simpler, we would be happy to hear from you. You can send us comments from *www.irs.gov/formspubs*. Or you can send your comments to Internal Revenue Service, Tax Forms and Publications Division, 1111 Constitution Ave. NW, IR-6526, Washington, DC 20224. Don't send Form 941 to this address. Instead, see *Where Should You File?* in the instructions for Form 941.

SUPERIOR COURT OF THE STATE OF CALIFORNIA
IN AND FOR THE COUNTY OF SAN DIEGO

# CLAIM FORM INSTRUCTIONS

*Logan and Anita Lockahey et al. v American Honda Motor Co., Inc.*, Case No. 37-2010-00087755-CU-BT-CTL

[redacted]

[redacted]

TO: **PURCHASERS OR LESSEES OF HONDA CIVIC HYBRID ("HCH") VEHICLES, MODEL YEARS ("MY") 2003-2009**

**The proposed settlement described in this Claim Form supersedes the prior proposed settlement in *John True, et al. v American Honda Motor Co., Inc.*, Case No. 8:07-cv-287 VAP-OP (C.D. Cal.), which was described in a notice mailed in October 2009.**

**Please disregard the prior notice.**

This Claim Form must be postmarked by the Claim Form deadline which will be six months from the Effective Date. The Claim Form deadline will be no sooner than October 15, 2012, but may be later. The Effective Date, once known, will be posted on www.hchsettlement.com. **IF YOU DO NOT SUBMIT A CLAIM FORM BY THE DUE DATE AS DIRECTED BELOW, YOU WILL NOT RECEIVE THE BENEFITS DESCRIBED IN THE NOTICE. PLEASE READ THIS ENTIRE FORM CAREFULLY.**

## PART I: ELIGIBILITY AND INSTRUCTIONS

If you purchased or leased an HCH MY 2003-2009 in the United States, and have not timely requested exclusion from the Settlement Class, or have requested exclusion but desire to be a member of the Settlement Class, you are eligible to make a claim using this Claim Form.

A full description of the settlement benefits can be found in the Notice attached to this Claim Form and also is available at **www.hchsettlement.com**. You only need to submit this Claim Form to receive (a) a Cash Payment(s) and/or Rebate Certificate(s), (b) a DVD copy of the online Fuel Economy Video if you would like a personal copy, and (c) for members of the MY 2006-2008 Subclass: (i) to elect participation in the ADR rather than elect to receive the additional benefits being made available to the Subclass under this settlement; or (ii) to submit a claim for reimbursement for IMA battery replacement (subject to the terms set forth in the Notice at paragraph 6(a)).

If you timely requested exclusion from the Settlement Class and submit a Claim Form, you are thereby electing to again become a member of the Settlement Class.

All persons who are members of the Settlement Class and who did not timely request exclusion from the Settlement Class are bound by the terms of the judgment entered by the Court and release their claims against AHM described in the Notice whether or not they submit a Claim Form. Complete the Claim Form and submit it on or before the Claim Form deadline which will be six months from the Effective Date. The Claim Form deadline will be no sooner than October 15, 2012, but may be later. The Effective Date, once known, will be posted on www.hchsettlement.com. Send the Claim Form by U.S. Mail, postage prepaid, to:

Settlement Administrator
PO Box 2565
Faribault, MN 55021-9565

DO NOT SUBMIT YOUR CLAIM FORM TO THE COURT. If you have questions regarding this settlement, contact the Settlement Administrator. Questions may be sent by mail addressed to the Settlement Administrator or you may call 1-877-465-4797.

Hi This is a test FAX to the FAX toy confirmation number 1-855-330-1239

Thank you very much for this service.

It is very helpful

I could not figure out how to verify my FAX is working any other way

# Product Warranty Card

## Term of Service

1. This product is guaranteed for one year from the purchase date against any breakdown within the scope of proper and reasonable usage of this product (as defined by XYZ's instruction manual such as the warranty card, which is provided to ensure free service and repair of the entire unit). In the product will be the warranty period. However, the following terms are separate and distinct conditions of other related warranty terms:
   - Excluded Materials: A limited warranty is provided for a period of 180 days after the purchase date of the product.
   - Heated Belt: A limited warranty is provided for a period of 180 days after the purchase date of the product.
   - Metal Materials: A limited warranty is provided for a period of 180 days after the purchase date of the product.
   - Attached Consumables (including carton, packing materials, power cords, USB cables, etc.): All consumables listed in manuals and software. No warranty is given.
2. To process your request, please ensure that the user fills in the product information and purchase date on the Product Warranty Card, and also make sure that they attach the official receipt.
3. Please keep this warranty card in a safe place because it is lost and cannot be reissued. Make sure to present the card when you require any repairs, service or maintenance to the product during the warranty period.
4. XYZ Corporation may levy charges under any of the following circumstances:
   - Man-made damages (including damage to the product caused by improper use, wrong installation, abnormal environmental conditions, deformation caused by falls or shocks, burnt circuits resulting from operation by unauthorized or third parties, or any other human-induced damage to the product caused by misuse).
   - Incompatibility issues arising when connecting other products, such as conflicts with electronic equipment, expansion of use, misoperation, or disconnection.
   - Damages caused by force majeure (such as a lightning strike, fire, earthquake, flood, landslide, or war) or any other event beyond human control.
   - Any request for warranty service after the expiration of the warranty period.

# Fax Test Report

| | |
|---|---|
| HP fax | |
| [illegible] | |

| | |
|---|---|
| The fax detects an active telephone line | Fail |

**An active phone line was not detected.**

Please check the items below and then rerun this test.

HP recommends using the telephone cord that came with the product.

Verify that the fax cord is securely connected between the telephone jack and the product (or another device that is connected to the product).

Disconnect the product from the jack to try this and then connect a telephone to the jack. Try to make a voice call to verify that the telephone line is working.

Connect the product to a different phone line.

Try a different phone cord.

Remove any phone line splitters that are in use.

Ensure that a filter is installed if using DSL.

Instructions on how to rerun this test:
Step 1 Press the [Setup] button.
Step 2 Select "Service".
Step 3 Select "Fax Service".
Step 4 Select "Run Fax Test".

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below:

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 9600 |
| International | On (this is set on super call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Rings (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (off hook) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

## Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

TEST

February 19 2014

Level 3 and 4 parents,

We are very proud of all of the hard work our compulsory gymnasts have put in so far this year The First Skill Testing is now behind them and we are very pleased with the focus and effort all of the girls put into this week

Attached is a copy of your daughter's test ng sheet This should give you an idea of where her skills currently stand and where her strengths and weaknesses are The grading scale is as follows

**Not tested** = no one was tested on this skill as we are still developing it in class
**Not ready** =not ready mentally or physically to attempt th s skill/hasn't ach eved pre-requisites needed to test this skill
**NC (Not close)** =attempted the skill but was nable to complete it/completed it far below required standards
**C (Close)** = demonstrated that she can complete the skill but is inconsistent or lacking in requirements/proper form
**P (Pass)** = showed full competency of the skil

If you have any questions about the skills or the testing, please see your daughter's coach Conferences are not mandatory for all gymnasts. If your daughter's testing includes a request for a conference, please see the sign-up sheet on the door of the team office and select a date/time If you were not asked to sign up for a conference but would like to schedule one please email Casey at cpires@wvgs com

**Sign and return the skill testing sheet to your daughter's coaches by February 28.**

Thank you!

# General Instructions

## Who Can Use this Application

If you are a U.S. citizen who meets these requirements and live in the United States, you can use this application in this booklet to:

- Register to vote in your State
- Report a change of name for your voter registration
- Report a change of address in your voter registration
- Affiliate with a political party

## Exceptions

Please do not use this application if you live outside the United States and are overseas and have no intention of returning to live in this country; if you are in the military stationed outside your home State; or if you are a member of the Merchant Marine and your home is outside the United States. Special rules apply to these citizens. For more information, see your Federal Voting Assistance Officer.

## When to Register to Vote

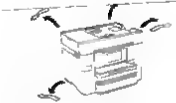
Each State has its own rules and deadlines for registering to vote. Check the deadline for your State on the last page of this booklet.

## How to Submit Your Application

Mail your application to the address listed under your State on the State Instructions. Or deliver the application in person to your local voter registration office.

The return mailing label will prevent the application printed from the computer or entered on a regular paper sheet, signed by the applicant and mailed in an envelope with the correct postage.

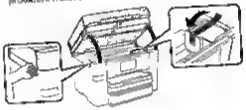
## First Time Voters Who Register by Mail



**Caution:** Keep the ink cartridges out the reach of children and do not drink the ink.

7 Lift up the scanner unit until it locks.

2 Lift up the scanner unit until it locks and remove all protective materials from inside the product.



3 Lower the scanner unit.

# ANSWERS & TIPS

## How do I get an icon on my desktop that I can double-click to hook up to the Net and bring up my homepage at the same time?

— Ken from Nevada

You might not be able to do exactly that, but you can combine two programs to do a similar thing, so that the most you have to do is click OK.

First, go to your homepage within your Web browser. Right-click in the body of the page and select Create Shortcut. That'll put an icon for your homepage onto your desktop.

### Set up Dial-Up Networking to open when needed.

Next, set up Dial-Up Networking to open when you try opening an Internet document. Go to the Internet control panel and click on the Connection tab. If you like (and don't forget to have it save your password). Then simply click on the "Connect to the Internet as needed" tick box. From then on, double-clicking a Web icon will launch the Dial-Up Networking window.

On some machines, you'll still need to hit OK, or at least the Enter key once Dial Up Networking opens up. But this is as close as we can get you to automated dialing.

# PAW PRINTS 4H DOG CLUB

## VACCINATIONS FOR DOGS IN 4H

These vaccinations are required for exhibition of dogs in the 4H program in Indiana.

Rabies – either 1 or 3 year vaccination
DHPP either 1 or 3 year vaccination
(distemper hepatitis, parainfluenza, parvo virus)
Leptospirosis 1 year vaccination
Bordetella (kennel cough) 1 year vaccination

A completed Certificate of Vaccination form #671 must be signed by a licensed Veterinarian and turned in to the 4H dog leader to be able to bring your dog to training sessions and show at 4H show. This is part of the completion of the dog project.

Vaccinations must remain current. Any dog whose vaccinations expire must be revaccinated and have an updated form turned into 4H leader

## 4H DOG PROJECT WORKBOOK

4H dog workbooks are available at 4H extension office. Work books go by school grades 3-5, 6-8 9-12. Must complete one activity in each chapter and fill out workbook sheet. ( Dog club will be picking out exercises to work on during dog club meetings) Must be turned into 4H dog leader by the completion date

## 4H DOG RECORD SHEET

Available from 4H dog leader. Bi fold 4H form #390W where the 4Her keeps a diary of expenses and time spend on the dog project. This is an on going story to be turned into the 4H dog leader by the completion date

The turning in of these papers to the official 4H dog leader by the established date is the completion of the 4H dog project. The showing of the dog at the county fair is encouraged but not necessary to complete the educational experience. The showing of the dog is a privilege and is voluntary on the part of the eligible 4H member

## TOP TRAINER AWARD

An award given within the Paw Prints 4H Dog Club to the 4Her whom earns the most points within the 4H dog club. Example of points attendance of meetings, turning in paperwork early, being an officer of the club, volunteering, ect. These are added to the score from the 4H dog show. Top winner in Junior, Intermediate, and Senior will be given.

Test

## EQUIPMENT NEEDED

6 foot leather or nylon leash, training collar (not buckle collar ( will discuss how to measure the dog neck for size and how to order at first couple meetings) Show manship leads will be needed in May ( will have for rent fees). Best if 4Her has old backpack or bag with their name on it for all dog equipment and treats. Also the 4Her must wear the appropriate footwear to fit the training session ( no sandals, flip flops ect).

## PARENT VOLUNTEERS

There is many ways for you to help and make this a great experience for your child. Volunteer in the training sessions, set up equipment, help at 4H dog clinic or mock show or even help with photographing the club activities. See a 4H dog leader to sign up.

## INTRODUCTION

The DUALSAW CS 450s has many special features that make this tool very different from other circular saws. Please read and understand this manual before using this product.

## WARRANTY

### DUALSAW® – LIMITED ONE YEAR WARRANTY

This warranty covers all defects in workmanship or materials in your DUALSAW® for a period of one year from the date of purchase. This warranty does NOT cover blades and accessories.

### HOW TO GET SERVICE

Just return the DUALSAW® properly packaged and postage prepaid to our Authorized Service Center. You can obtain the location of the Service Center by calling 1-855-382-5729. When you request warranty service, you must also present proof of purchase documentation, which includes the date of purchase (sales receipt). We will repair any faulty workmanship, and either repair or replace any defective part, at our option. We will do so without any charge to you. We will complete the work within 90 days or less.

### WHAT IS NOT COVERED

This warranty applies only to the original purchaser and may not be transferred. This warranty only covers defects arising under normal usage and does not cover any malfunction, failure or defects resulting from misuse, abuse, neglect, alteration, modification or repairs by other than the Authorized Service Center. Infusion Brands Inc. makes no warranties, representation or promises as to the quality or performance of its power tools other than those specifically stated in this warranty.

## PRODUCT REGISTRATION

To get information on product updates, special offers and warranty claims, register your DUALSAW CS 450s on our website www.DualSaw.com
Here is what you will need:

- Sales Receipt
- Machine Serial Number (located on the handle of your saw)

## GENERAL SAFETY RULES

Read, understand and follow all safety rules and operating instructions in the manual before using this product. Failure to follow all instructions listed may result in electric shock, fire and/or serious personal injury.

### SAVE THESE INSTRUCTIONS

### WORK AREA

- Always keep your work area clean and well lit. Cluttered benches and dark areas invite accidents.
- Do not operate power tools in explosive atmospheres, such as in the presence of flammable liquids, gases, or dust. Power tools create sparks, which may ignite the dust or fumes.
- Keep bystanders, children and visitors away while operating a power tool. Distractions can cause you to lose control.

### ELECTRICAL SAFETY

- Avoid body contact with grounded surfaces such as pipes, radiators, ranges & refrigerators. There is an increased risk of electric shock if your body is grounded.
- Do not expose power tools to rain or wet conditions. Water entering a power tool will increase the risk of electric shock. If operating the power tool in damp locations is unavoidable, a Ground Fault Circuit Interrupter must be used to supply the power to your tool. Use Electrician's rubber gloves and footwear to further enhance your personal safety in damp conditions.

**Prayer to St. Joseph over 1900 years old**

**O St. Joseph whose protection is so great as strong, so prompt before the Throne of God, I place in you all my interests and desires O St Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers O St Joseph I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St Joseph, Patron of departing souls, pray for us Amen**

***Say for nine consecutive mornings for anything you may desire It has seldom been known***

***to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.**

**Make this prayer known everywhere**

Imprimatur
Most Rev George W Ahr
Bishop of Trenton

# IntelliFAX 4100

## Business Class Laser Fax

For demanding business applications, nothing beats the IntelliFax 4100. Its fast, durable laser engine and superior paper handling make it the ideal choice for any busy office environment. And best of all, with the use of high yield consumables you can expect crisp, top quality output and low running costs.

- 14.4K bps Fax Modem
- Up to 15ppm Laser Engine for printing faxes and copies on plain paper
- 8MB Memory stores up to 500 pages† for out-of-paper reception and memory transmission
- 35 Page Automatic Document Feeder
- 250 Sheet standard Paper Capacity (letter or legal)
- Add an optional second lower paper tray unit for an additional 250 sheets – great for high volume reception or printing on different paper sizes*
- Quickly scans faxes as fast as 2 seconds per page*
- Automatic Dialling to up to 132 different numbers
- High Yield Toner Cartridges deliver lower printing costs per page
- Multi Copying plus Sorting, Enlargement and Reduction
- Dual Access capability lets you scan faxes into memory while the unit is busy sending or receiving
- Broadcast a single fax to preset groups or up to 132 separate locations
- Built-in Parallel and USB Interfaces enable this model to serve as a high speed laser printer if your needs change**
- Auto Fax/Tel Switching for receiving fax and phone calls on the same line
- Fax Forwarding, Paging and Remote Retrieval

DUAL ACCESS

250 SHEET PAPER CAPACITY

UP TO 6,000 PAGE TONER

8MB MEMORY with BROADCASTING

† Based on 5% page coverage using standard TN14 Toner Cartridge (average regular business document).

* Based on Brother ml Class with MMR coding and standard test chart.

This Company Proposal / Contract ( Contract ) shall be binding only when signed by an authorized representative of both firm hereinafter referred to as "Customer" and authorized by Superior Sealcoat Inc and its affiliate and subsidiaries herein referred to as Superior Sealcoat. This Contract constitutes the entire agreement between the parties, there being no relevant, promise or agreement, written and except as specified herein

Customer Performance Customer shall in good faith a) secure and pay for all notifications, bonds, permits, fees, licenses police details and inspections necessary for proper execution and completion of the work unless otherwise specified b) provide all lines, grades, stakes, traffic control engineering and layout necessary for proper execution and completion of the work c) proper marking of all utility lines, manholes, gas lines, poles, and other work impediments which are not listed by Dig Safe or any other utility based organization, d) a water supply for use by Superior Sealcoat during this project and e) assume the sole risk, responsibility, and liability for damages arising from or related to the work performed and indemnify defend and hold harmless Superior Sealcoat from any and all such claims for damages, including but not limited to attorney's fees, and/or losses resulting directly or indirectly from this installation. If in the opinion of Superior Sealcoat, Customer has failed to perform in accordance with this paragraph Superior Sealcoat may refuse to perform the work until Customer makes the conditions suitable for commencement continuation, and/or completion of the work

Superior Sealcoat Performance Superior Sealcoat shall in good faith a) furnish all work in a workmanlike manner and in accordance with industry standards b) employ adequately-trained and competent employees c) comply with any applicable Federal, state or municipal laws relating to payment of wages and d) take all reasonable safety precautions and comply with all applicable laws, ordinances, rules, and regulations for the safety of persons and property

Final Quantities All quantities referred to in this agreement and accompanying quotations are estimates only and do not reflect the final actual quantities required for completion of work. If actual quantities exceed estimates beyond a reasonable measure, price and schedule increases will be negotiated.

Payment Terms All amounts are due and payable upon receipt of invoice(s). Superior Sealcoat requires a 1/3 deposit prior to commencement of work. In the event that Superior Sealcoat incurs collection costs on any past due monies, Customer agrees to pay reasonable attorney's fees and any other collection cost incurred by Superior Sealcoat. If Superior Sealcoat does not receive full payment (and applicable late charges) within sixty (60) days from final invoice date all warranty rights will be waived

Site Conditions & Schedule The Customer must ensure Superior Sealcoat has safe access to work site at all times. If in the course of performing the scope of work, Superior Sealcoat is impeded by site conditions caused by others the Customer shall take immediate actions to correct and/or site problems at Customers expense. If in the case of fire, floods, accidents, strikes, war or other similar causes, Customer agrees to extend the completion date a reasonable time and is responsible to Superior Sealcoat for increased costs, if applicable

Changes. Customer may with Superior Sealcoat's agreement and without invalidating this agreement make changes in the work with in the general scope of the purchase order or agreement. The price and schedule shall be adjusted accordingly by a change order based on Superior Sealcoat's actual labor and material cost plus an allowance for reasonable profit, overhead and insurance

Warranty Limitations. Superior Sealcoat is not responsible for defects in work resulting from a) weather conditions, including but not limited to temperatures below 50 degrees Fahrenheit, b) inadequate design, incorrect specifications, unclear or insufficient engineering or layouts, and c) wear, ability and durability of pavement sealcoat d) the application of pavement sealer to asphalt contaminated with oil, e) the warranty is limited to the replacement of the material and application of same.

Claims and Disputes. Customer shall give Superior Sealcoat written notice of any claim against Superior Sealcoat including but not limited to any claim for defective work, within ten (10) days after the event giving rise to the claim or the claim shall be waived. This Contract shall be governed by the laws of the Commonwealth of Massachusetts and any dispute arising out of this Contract shall be resolved by binding arbitration

**Guardian Angel Prayer**

Angel of God, My Guardian Dear
to whom God's love commits me here

Ever this day be at my side
to light and guard and rule and guide

Amen

Dear Families,

We are so excited to be preparing for our annual field trips. Our first field trip will be a play by the Georgia Ensemble Theatre and Conservatory. They will be presenting "AESOP FABLES". This coincides with our initiative of ARTS NOW. Drama is an art form that helps our students to see emotion and personalities come to life right out of a book and turned into a play. The program will be shown on September 27th in our own gym.

The total cost for each student is $4. All money must be collected on or before September 14, 2012. No child will be denied the opportunity to attend because of nonpayment, but if enough money is not collected to cover the cost, we will have to cancel the field trip. Please complete and return the bottom portion of the permission slip with your payment. You may also use the MealPay Plus on-line option for payment.

Thank you for your support,
Third Grade Teachers

Ben,

The TV is "stuck" on Channel 96. I didn't play a game - just wanted to see what it was. Says to press "y" to exit, but nothing works. I think you'll have to call DISH.

Sorry.

Sprint

SP
SPRINT PREMIER

Dear Anibel Naupari,

We're keenly focused on making sure our high-value and most loyal customers are never taken for granted — that they're treated like gold. With that in mind, we've got great news for you about your Sprint Premier status.

**Effective April 1, 2011**, Sprint Premier will be updated to offer two levels of benefits, as shown in the chart below. The great news is that your account currently meets the criteria for Sprint Premier Gold.

With Gold status, you receive great benefits like 6-month plan checks, accessories discounts and more. And, one line per qualifying plan is eligible for a Premier Gold upgrade every 12 months. All other lines on a Gold account are upgrade eligible every 22 months under Sprint's standard New For You℠ program. For your convenience, we've listed the upgrade eligibility for each line on your account below.

In addition to your Sprint Premier Gold perks, we're proud to offer you many other benefits, too. Our affordable unlimited data plans make it easy to take advantage of the great things our award-winning 3G/4G devices like the HTC® EVO and the Samsung® Epic can do. All from the 4G network leader with more than 70 markets and counting. Combine all these great benefits with the added savings you get on your account each month through your employer's discount, and it all adds up to tremendous value from Sprint.

We hope you enjoy the perks that come with Sprint Premier Gold status. These rewards are automatic — there's nothing to keep track of so sit back and enjoy them. **To learn more about the Sprint Premier updates, please visit sprint.com/premierupdate.**

As always, thanks for choosing Sprint.

Sincerely
The Sprint Premier Team

**Testing fax sending only**

**Testing send and receive functions of your fax**

Hewlett-Packard (HP) provides a test fax setting service that can test both sending and receiving functions of your fax software or fax machine.

[redacted] (US Fax: [redacted] and Canada)

[redacted] (Europe, Middle East, Africa, Asia Pacific) [redacted] will call you within a few minutes using your caller ID information and/or CSID and attempt to send you a fax.

[redacted] Make sure you have auto-receive option turned on your fax software or fax machine.

# Prayer to St. Joseph over 1900 years old

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord. so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving nf Fathers O St Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St. Joseph, Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire It has seldom been known to***

***fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle**

**Make this prayer known everywhere**

Imprimatur
Most Rev George W Ahr
Bishop of Trenton

TEST
ONLY
PLEASE
DISCARD

(Auto Answer mode), the incoming call is answered after you pick up the phone or the answering machine answers, the product automatically begins receiving the fax. If the other party is a caller, the phone can be used as normal or a message can be left on the answering machine.

**Note:** Any phone or answering machine on the line or sharing the line must be set to the lowest number of rings for receiving faxes. When the phone is picked up, Epson cannot guarantee compatibility with VoIP (voice phone systems), or the use of digital services such as ISDN.

## Setting Up Fax Features

Before sending or receiving faxes, you should create a fax header and select the amount of time before the fax answers.

**Note:** To select other settings or use the screen FAX Utility, see the online User's Guide.

### Entering Fax Header Information

You should enter your name and phone number as the fax header before sending faxes so that recipients can identify the origin of the fax.

**Note:** If you leave your product unplugged for a long time, the date and time settings may get lost. See the online User's Guide for instructions on how to reset them.

#### Entering Your Sender Name

1. Press [home] if necessary, then press ◀ or ▶ to select Setup, and press OK.
2. Press ▼ and select Fax Settings, then select Communication.
3. Press ▼ and select Header, then select Fax Header. You see the Fax Header screen.

4. Use the keypad to enter the name right. You can enter up to 40 characters or digits for your name and other contact information.

   To enter text, press a keypad number repeatedly or switch between uppercase, lowercase, or numbers.
5. Select Done to return to the Header screen.

MOVERE™

## Making IT Data Easy

Movere automates the inventory collection, analysis and visualization of IT data. You can get started using Movere in minutes: scan devices in seconds and generate custom reports in near real-time. With Movere's SaaS solution, you'll gain top level and in-depth detail about your networks' hardware and software usage — helping you make the best IT infrastructure and security decisions.

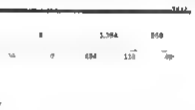
1. **DOWNLOAD** No installation is required
2. **SCAN.** Achieve results within minutes.
3. **KNOW** Hardware, software, utilization and more

**Here are a few of the many visualization reports you'll get with a Movere subscription.**

### Executive Summary

The top-level Movere visualization is designed to answer the most frequently asked questions and monitor key environmental metrics

### Virtualization Placements/High Watermarking



Movere can collect hypervisor host and guest data from vCenter, VMM, and Hyper-V, and integrate with data collected from AD, IT asset management tools and the virtual guests

### Achat Resource Consumption (ARC)

The Movere ARC module captures device data specific to cloud computing such as system performance, correct VM size to deploy, migration candidates, and how to leverage features to accelerate cloud adoption without risking performance

### Three-level Security

Movere reporting data is protected from unauthorized access or interception with three levels of encryption (PGP RSA 2048-bit, AES 256-bit and HTTPS communications protocol) as well as dual factor authentication

# Invite: Join the ZoomRx Psych Thought Leader Panel

Dr. zrxlastname,

You are invited to join a select group of psychiatrists in sharing your experiences and opinions on **MDD (Major Depressive Disorders)** through the ZoomRx market research surveys.

**Research Details**

- **At least 2 survey opportunities** a month
- Complete short surveys on your **smartphone/iPad**
- Earn upwards of **$600** a year – instant payment through PayPal
- Loyalty Bonus on regular participation

**Getting Started takes less than 5 minutes.**

- Download the ZoomRx app on your smartphone
  - Search for "ZoomRx" in Apple or Android App Stores to download the app
  - Visit **zoomrx.com/users/login** to take survey on desktop/laptop
- Claim Your Profile
  - Enter your Name & State to claim your pre-filled ZoomRx profile
- **Start receiving surveys from January 15th, 2014**

We look forward to you joining the ZoomRx Psych Panel! Do not hesitate to contact us at info@zoomrx.com with any questions.

Sincerely
The ZoomRx Team

"Dedicated to creating opportunities for people to learn and achieve their goals since 1969"

**"Antigonish"**

*As I was walking up the stair*
*I met a man who wasn't there*
*He wasn't there again today*
*Oh, how I wish he'd go away*

*When I came home last night at three*
*The man was waiting there for me*
*But when I looked around the hall*
*I couldn't see him there at all!*
*Go away, go away, don't you come back anymore!*
*Go away, go away, and please don't slam the door*

*Last night I saw upon the stair*
*A little man who wasn't there*
*He wasn't there again today*
*Oh, how I wish he'd go away*

In the book, *The Stranger* by Albert Camus, Existentialism plays an important role. The main character Meursault, leads a very interesting, emotionless and somewhat boring life. After he kills a man, he is swamped with labels. The people of the court say he is "guilty of murder" and that he committed the crime in "extenuating circumstances" (106). The judges never stop to think that there might be more to Meursault than meets the eye. The judge is completely set on the fact that Meursault is a heartless man who never shed a single tear when his mother died and who went swimming with a girl the day after the funeral. He is stuck on the opinion that Meursault went with the gun intending to kill the Arab, because the situation made it look like that was the case. When the court labels him in this horrible way, Meursault stops trying to think of how to explain what really happened, but he really has nothing to say. The evidence is so strong against him that even though he knows there is more to the story, he has no way to justify the murder. It is not until the end that he realizes why he was not able to justify the crime. The reason is Existentialism. The Chaplain comes to talk things through with him, and Meursault repeatedly mentions how he does not believe in God. After the Chaplain leaves, Meursault begins to realize the component of Existentialism in his life. He is completely responsible for all his actions, even if there are reasons behind it. Meursault chose a certain path, and as a result every action he does, he is completely responsible for. He realizes this a few hours before he is intended to die. Existentialism plays an important role in the novel, and the lessons learned by the main character show how much his life situation relates to this philosophy.

Hi There!

School is finally back in session and things are returning to normal...are you missing the kids yet? It's been refreshing to see all of the first day pictures on Facebook from around the area. We hope you're settling in to the new school year well.

The reason for this letter is to pass along this handy calendar for the 2014-2015 school year. It's an easy resource for you to have right on your refrigerator. The front outlines the days off for the kids and as a bonus, the backside contains some handy tips on home ownership and maintenance.

We're providing these for you as a way to introduce our company, RE/MAX Alliance, and to share some important news on the real estate market in Troy and the surrounding area. The market affects everyone, whether you're in the market or not, so we just wanted to make sure you have the knowledge. Here's a quick snapshot of the real estate market in 2014 so far:

The market in Madison County has been steady through the last half of the year, with the number of homes sold just slightly lower than last year. We attribute that mostly due to the harsh winter we started the year with (seems like so long ago). The average price of a home sold in Madison County has increased 8.3% so that's great news for everyone! Foreclosures have returned to pre-recession levels and that puts less downward pressure on pricing.

There have been 137 homes sold in Troy through August 31st, an increase of 20.17% vs. the same period last year. Mortgage rates remain in the early 4% range so that helps to keep the market relatively stable.

Are you wondering how this affects you? Feel free to reach out to one of our more than 50 caring professionals with any questions. We have a team of agents serving Troy and we're here to assist you any way we can. Whether you're buying or selling, or you just have a real estate question, call Alliance...RE/MAX Alliance. Find us on the web at **www.MetroEastLiving.com.**

In closing, we wish the best of success for you and the children this school year. Thanks for reading and we'll look forward to hearing from you in the future.

Sincerely,

The Staff and Brokers of RE/MAX Alliance

# A Patch of Old Snow

There's a patch of old snow in a corner
That I should have guessed
Was a blow-away paper the rain
Had brought to rest.

It is speckled with grime as if
Small print overspread it,
The news of a day I've forgotten--
If I ever read it.

-Robert Frost

## APPENDIX #2

## MABAS Box Alarm Card Definitions

| Cell Title | Definition |
|---|---|
| Department Name | The name of the Fire Department issuing the card |
| Box Alarm Type | The type of emergency situation covered by the card |
| Effective Date | The date the use of the card is authorized to begin by the issuing department. |
| MABAS Division | The Division in which the Fire Department holds a membership |
| Box Alarm Number | The number for the card designated by the Fire Department. The numbering system should be coordinated with the other members of the Division. |
| Location or Area | This can be a single location or building, a geographical portion of the departments area of response or the entire area of response |
| Authorized Signature | The signature of the Fire Chief of the department issuing the card. |
| Local Dispatch Area | This portion of the card is intended to show the response for any units prior to the Box Alarm level The primary responding units will be those of the local department and possibly outside departments generally using auto-aid agreements. |
| Alarm Level | This refers to the designation given by the issuing department for responses to this location prior to the Box Alarm level This allows for the two levels prior to the Box Alarm level The name of the alarm levels will be based on local preference Includes the names of the departments that are committed to provide this type of equipment at the alarm level designated |
| Engines | Based on local designations |
| Tenders | Based on local designations |
| Trucks | Based on local designations |
| Squads | Based on local designations |
| Chiefs | Can include Chief, Deputy Chief Assistant Chief- Battalion Chief or those staff officers acceptable to the members of the Division |
| Special Equipment | Any ancillary units, individuals or specialized apparatus that would be beneficial for the type of alarm designated by the card These resources may or may not be owned and operated by the member departments. |
| Change of Quarters | This lists the station/s that will house units from neighboring departments. The specific units that are specified on each level will respond to other emergency calls for the duration of the original call or moved up to the scene during further alarms |

JW FAX TEST

# ON THIS DAY

The bugle has sounded
Its notes drift away
This time now belongs to you.

Verse

On this day for one brief moment
Hear the silence fill the air

Think of those, who walked beside us,
Now no longer there.

Then, don t cry but hear their laughter
For their spirit lives inside

Let the mystic stream of mem'ry
Fill our hearts with pride

Make us humble,
Make us knowing,
And reflect on what is done...

On this day
For now forever
Make this nation one!

On this day,
For all the fallen
Make this nation one!

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?*

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

**To test the send functionality of your fax machine,** send a one-page fax to 1 855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

MyFax Free Fax Trial
Top Ranked Internet Fax Service
Try it risk free for 30 days!

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. There's how to do both:

**To test the send functionality of your fax machine,** send a one-page fax to 1 855 840-1233 (a toll-free number in the United States.) When all found tones/tones, point your web browser to FaxZero.com, a free web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive function bits of your fax machine,** point your web browser to FaxZero, this site lets you send fax for free to any where in the United States and Canada. Within a few minutes, your fax machine should ring. (hopefully it will automatically answer and spit out the test fax.

Cobertura de la Garantía

1. Hewlett-Packard México, S. de R.L. de C.V. ("HP") garantiza al cliente usuario que sus productos, en el caso se refiere abajo, no serán defectuosos en materiales y de mano de obra por un período de tiempo, como se indica abajo, a partir de la fecha de compra del producto por parte del usuario. El usuario no es un distribuidor o comercializador sino somente autorizado por HP.

2. Para los productos de software, la garantía limitada de HP se aplica solamente a la incapacidad de ejecutar programas de instrucciones. HP no garantiza que la operación de cualquier producto será interrumpida o libre de errores.

3. La presente garantía limitada exclusiva significa derecho que tuviera como resultado del uso normal del producto o mal por cualquier otra razón.

   a) Cuando el producto se hubiera utilizado en cualquier forma distinta a la prevista.
   b) Cuando el producto no hubiera sido operado de acuerdo con el instructivo de uso que se le acompaña.
   c) Cuando el producto hubiera sido alterado o reparado por personas no autorizadas por el fabricante nacional, importador o comercializador respectivo.

4. En el único supuesto legal de no cumplimiento de garantía, quiere en el momento de hacer la entrega del producto cubierto para reparación, el cliente deberá presentar el comprobante de garantía. Cualquier producto reparado o reemplazado quedará garantizado de la misma manera durante el tiempo restante de la garantía original.

5. Los gastos de transportación generados en ejercicio de la red de servicio de HP en la República Mexicana para dar cumplimiento a esta garantía limitada, serán cubiertos por Hewlett-Packard. Los gastos de transportación para llevar el producto al Centro de Servicio HP serán absorbidos por el cliente.

6. Para hacer válida su garantía solo se deberá comunicar al Centro de Asistencia Telefónica de HP y seguir las instrucciones de un representante, quien le indicará el procedimiento a seguir.

# Employment Questionnaire and Certification (G/C 489)

*To be completed by all prospective employees/consultants*

Please enter all requested information, then print, sign and submit these documents or directed by your SAIC contact.

## Instructions and Preliminary Questions

Various federal laws and regulations restrict the post-government employment activities of former government officers and employees and place conditions upon current government employees who engage in discussions regarding post-government employment. This Questionnaire and Certification is designed to assist SAIC in determining which restrictions, if any, apply to you and in assessing their impact upon (i) employment discussions; (ii) hiring decisions, and (iii) future work assignments at SAIC. This form is divided into FOUR sections. You are only required to complete those sections applicable to you based on your status as a current or former U.S. Government officer or employee. Certain information governing clarification of terms used in this Questionnaire is contained in endnotes appearing on Page 3. If you have any questions concerning the Questionnaire, your responses thereto or your obligations under applicable law, please contact your Human Resources Representative or the SAIC Legal Department at (858) 826-7266 or (703) 676-2858 for assistance.

1. As a preliminary matter, please check which one of those four mutually exclusive situations applies to you.

| | | |
|---|---|---|
| ☐ | I am currently employed by the U.S. Government | **Complete Sections A, B, C & D** |
| ☐ | I am a former U.S. Government officer or employee who left government service within the past year | **Complete Sections B, C & D** |
| ☐ | I am a former U.S. Government officer or employee who left government service more than one year ago | **Complete Sections C & D** |
| ☒ | I have never been employed by the U.S. Government | **Complete Section D Only** |

## Section A

## Reporting and Recusal for Current Government Employees

If you are a current government officer or employee, you hereby agree to report to your supervisor and your Designated Agency Ethics Official (DAEO) any contacts between SAIC and you regarding employment, and by signing this form you hereby certify and represent that you have done so if:

You current duties in the U.S. Government include participation (i.e., making decisions or recommendations, approving or disapproving, rendering advice, investigating, and the like) in any procurement or other matter involving SAIC. If you perform such duties, you agree to promptly notify your supervisor and DAEO of you employment/consultant interests with SAIC. You further agree that during the period of discussing employment or consultant services with SAIC, you will recuse yourself from participation in any procurements or other matter involving SAIC in accordance with applicable federal laws or regulations, unless your disqualification is waived by appropriate government authority pursuant to such laws or regulations. Any questions regarding the nature or extent of your obligations in this regard should be raised directly with your DAEO.

OR

Your current duties in the U.S. Government DO NOT include participation (i.e., making decisions or recommendations, approving or disapproving, rendering advice, investigating, and the like) in any procurement or other matter involving SAIC but if during the period of discussing employment or a consultant relationship with SAIC, your duties with the government change so as to require participation in any procurement or other matter involving SAIC you agree to promptly notify your supervisor and DAEO of your employment/consultant interests with SAIC. You further agree to recuse yourself from such participation in accordance with applicable federal laws or regulations, unless your disqualification is waived by appropriate government authority pursuant to such laws or regulations. Any questions regarding the nature or extent of your obligations in this regard should be raised directly with your DAEO.

## Terminal Leave

You may be in or while on terminal leave from the military subject to the following conditions and restrictions, which are set forth more fully in SAIC Administrative Policy "SG 12: (1) you have obtained prior written approval from your command for "outside employment" with SAIC if required and by signing this form you hereby certify and represent that you have obtained any such required approval; and (2) if you are a commissioned military officer you may not represent, communicate or appear on behalf of SAIC, or otherwise act as an agent for SAIC, before any government agency or official with respect to any matter, regardless of prior involvement therein, until after your final separation date. Condition (2) above does not apply to enlisted military personnel or non-commissioned military officers.

2. *a. Are you currently or do you expect to be on terminal leave from the U.S. military?* ☐ Yes ☐ No

   *b. If yes, please state the actual or expected start and end dates of your terminal leave period:*

   *Start:* _____ *End.* _____

TEST

# ACCIDENTAL INJURY CLAIM FORM – EMPLOYER'S DISABILITY STATEMENT

**Failure to complete this form in its entirety may result in a delay in processing the claim**

**Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information or conceals for the purpose of misleading, information concerning any fact material thereto commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties.**

# New Features in Robocopy Version XP010

Robocopy version XP010 introduces a number of new features, the most important of which are the following:

- Copy Junctions – Volume Mount Points and Directory Junctions. By default, these are now followed as normal directories, [illegible] the destination [illegible] different [illegible] unexpectedly large volumes of data being copied.

  Use /XJ if you would prefer Robocopy to skip junctions.

- New file and folder attribute selection.

  In addition to support for the R, A, S, H and N attributes:

  /IA and /XA now also accept and select on the following additional attributes:

  C – Compressed files

  N – files Not content indexed

  E – Encrypted files

  T – Temporary files

  O – Offline files

  /A+ and /A- now also accept and modify the following additional attributes:

  N – files Not content indexed

  T – Temporary files

- Select files based on their Last Accessed Dates.

  /MAXLAD:n excludes files with a Last Access Date older than n.

  /MINLAD:n excludes files with a Last Access Date newer than n.

  If n < 1900, n is taken to be an age in days.

  If n >= 1900, n must be a date in the form YYYYMMDD.

- Copy [illegible] "[illegible]" files

  Use [illegible] files.

  [illegible]

  For more information see "Robocopy [illegible]"

LOCAL REPORTS

RICHARD LEDERER Lecturer on Language

# Only one way to live a long life, and that is to age

I'm button-busstingly proud to announce that, in two days I'll be celebrating my twenty-one birthday. You know which one that is — the twenty-first one that I've celebrated.

Some of us try to turn back our life's odometer. Others of us want people to know why we look the way we do. We admit that we have bumps and dents and scratches to our finish and the paint job is getting a little dull. And sure, the fenders are too wide to be in style and our seats are sagging. The battery no longer holds a charge, and the headlights have dimmed. The hoods are brittle, and much of the original tire tread is worn away. The transmission stays in low gear and we can't easily shift to high. We don't convert our fuel as efficiently as we used to and stumbling any hill is liable to cause shuttering. And whenever we sneeze or sneeze, our radiator boils to leak.

But you know what? We've lived a really many miles, and some of the roads weren't very good. While we haven't had our check regularly, We've become classics.

And we're not alone: 540 million men and women worldwide are 65 or older, including more than one out of every eight people (12.4 percent) in the United States.

I'm no longer a spring chicken; I'm a winter chicken. I'm no longer just behind the ears. I'm dry behind the ears. I'm not long for knee high to a grasshopper. I'm as high above a grasshopper, I'm not a teenager. I'm an adult to be.

While growing older is mandatory, feeling old is optional. Attitude is supreme. More than two millennia ago, the Greek playwright Sophocles wrote, "One must walk until evening to see how splendid the day has been." Only at dinner is the day truly golden. The later the hour of the day, the longer the shadow you cast.

I may be over the hill, but that's better than living under the hill — and it's not till you're gone, Aldous Huxley said, that you really pick up speed. Birthdays are good for you. The more of them you have, the longer you live.

There is only one way to live a long life, and that is to age. And there is only one way to age — with a smile. If you are able to laugh at yourself, you'll never cease to be amused. After all, we are only old once.

Now that I am full of years and white of hair and the evening star glows in the sky, now that my sere, my yellow leaf falls from knee, upland choirs where late the sweet birds sang, I find myself filled with one overwhelming emotion:

Gratitude —

For my wife Rosemarie Egeren and the many blissful days I have so loved with her for family, which now embraces seven grandchildren, for enduring friendships, for a lifelong addiction to learning, for the privilege of telling my world about words, for this sparkling gift of life, what it has been and what it will become, I'm grateful.

Please send your questions and comments about language in other words and sentences to: Richard Lederer, 5390 Cadiz Street, San Diego, CA 92124-3755; e-mail: verbivore@aol.com.

### Fax Redial

If you are sending a fax manually and the line is busy, press **Redial/Pause**, and then press **Fax Start** to try again. If you want to make a second call to the last number redialed, you can save time by pressing **Redial/Pause** and **Fax Start** a second time.

**Redial/Pause** only works if you dialed from the control panel. If you are sending a fax automatically and the line is busy, the fax machine will automatically redial one time after five minutes.

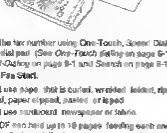
## How to fax

### Automatic transmission

This is the easiest way to send a fax. Documents must be between 5.8 and 23.7 inches (148 and 600 mm) long and between 5.8 and 8.5 inches (148 and 216 mm) wide.

**IMPORTANT:** Do not pick up the handset or press **Hook**.

1. Insert the document face down, top edge first in the Automatic Document Feeder (ADF).
2. Adjust the paper guides to fit the width of your document.



3. Enter the fax number using One-Touch, Speed-Dial, Search or the dial pad. (See *One-Touch dialing* on page 6-1 *Speed-Dialing* on page 6-1 and *Search* on page 6-1 )
4. Press **Fax Start**.

Do not use paper that is curled, wrinkled, folded, ripped or stapled, paper clipped, pasted or taped.

Do not use cardboard, newspaper or fabric.

The ADF can hold up to 10 pages, feeding each one individually through the machine. Use standard 17 lb-24 lb (64 g/m²-90 g/m²) paper when using the ADF. If you are using heavier paper, feed each sheet individually to prevent paper jams.

### Manual transmission

Manual transmission lets you hear the dialing, ringing and fax-receiving tones while sending a fax.

1. Insert the document face down in the ADF.
2. Pick up the handset and listen for a dial tone.

—OR—

Press **Hook** to listen for a dial tone.

3. Enter the fax number you want to call. (You can enter the digits using the dial pad, or you can enter a One-Touch or Speed-Dial number, or you can call using **Search**/**Speed Dial**.)

(See *How to dial* on page 6-1 )

4. When you hear the fax tone, press **Fax Start**.

```
Sending
```

5. If you picked up the handset, hang up.

### Sending a fax at the end of a conversation

At the end of a conversation you can send a fax to the other party before you both hang up.

1. Ask the other party to wait for fax tones (beeps) and then to press **Start** before hanging up.
2. Insert the document face down in the ADF.

Press **Fax Start**.

The LCD shows:

```
Sending
```

3. Replace the handset.

## Basic sending operations

### Sending faxes using multiple settings

When you send a fax you can choose any combination of fax settings such as contrast, resolution, overseas mode, delayed fax time, polling transmission or manual transmission.

After each setting is accepted, the LCD will ask if you want to enter more settings.

```
ENTER SETT MORE?
1.YES 2.NO
```

Press **1** to select more settings. The LCD will return to the SETUP FAX menu.

—OR—

Press **2** if you have finished choosing settings and go to the next step.

### Wonderful hospital

Wonderful hospital. Wonderful nurses and staff. Never had a bad experience there.

Was this helpful? Yes No Respond Flag abuse

Angie2012 05/30/2012

### Unfriendly female staff!

Provided by Odyssey

I'm new to the medical field and when I was interviewing I was amazed at how unfriendly and cold staff & Management are in hospitals. Nursing homes are amazed loving people. Why can't we be one of the same? I am a woman but I think women, especially in management roles are the worst to deal with. They have mood swings, like to control everybody and play favorites...it's sad. I'm back in graduate school. And where are all the men in healthcare? all of the human resources staff and

# HP OfficeJet 6950 All-in-One series

1. **Prepare:** Follow the instructions in the setup flyer to begin printer setup.
2. **Connect:** Visit **123.hp.com/officejet6950** to download and start the HP setup software or the HP All-in-One Printer Remote app, and connect the printer on your network.
   **Note:** The HP All-in-One Printer Remote app is available on an app store.
   **Note for Windows® users:** You can also use the HP printer software CD. If the installation program does not start, browse to **Computer**, double-click the CD/DVD drive icon with the HP logo, and then double-click **setup.exe**.
3. **Activate:** Create an account or register your printer, and finish installing the HP printer software or the HP All-in-One Remote app.

You can use your printer to print documents and photos directly from your mobile devices.

- **iOS.** Use the Print option from the Share menu. No setup required. iOS AirPrint is preinstalled.
- **Android:** Download and enable the HP Print Service Plugin (supported by most Android devices) from the Google Play Store.

You can also use the HP All-in-One Printer Remote app to set up and use your HP printer for scanning, printing, and sharing documents. Install it from the app store for your mobile device.

**For help** enabling mobile printing, visit the HP Mobile Printing website at **www.hp.com/go/mobileprinting**. If a local version of this website is not available in your country/region or language, you might be directed to the HP Mobile Printing site in another country/region or language.

**For Windows® users,** it is available after you install the HP printer software on your computer. For OS X users, install the electronic Help by selecting it from the recommended software during the installation of HP printer software. Learn about product features, printing, troubleshooting, and support. Find notices, environmental, and regulatory information, including the European Union Regulatory Notice and compliance statements, in the Technical Information section.

- **Windows® 10:** From the computer desktop, click the Start button, click **All apps**, select **HP**, select the icon with the printer name, click **Help**, and then click **Search HP Help**.
- **Windows® 8.1:** Click the down arrow in lower left corner of the **Start** screen, select the icon with the printer name, click **Help**, and then click **Search HP Help**.
- **Windows® 8:** On the **Start** screen, right-click an empty area on the screen, click **All Apps** on the app bar, select the icon with the printer name, click **Help**, and then click **Search HP Help**.
- **Windows® 7, Windows Vista®,** and **Windows® XP:** Click **Start**, select **All Programs**, select **HP**, select the folder for the printer, and then select **Help**.
- **OS X Yosemite v10.10,** and **OS X El Capitan v10.11:** Click **Help** > **Mac Help**. In the Help Viewer, enter your printer name in the search field, and press **Enter**.
- **OS X Mavericks v10.9:** Click **Help** > **Help Center**. In the Help Viewer, click **Help for all your apps**, and then click the Help for your printer.

# HP Fax Products — Testing Your HP Fax Machine with the HP Fax Test Service

Introduction
Test your fax machine
Other solutions customers found helpful

## Introduction

This document will assist you in testing your HP Fax product using the HP Fax Test Service.

Print this document for easy reference by clicking the Printview Version link in the upper right corner of this page.

## Test your fax machine

To test the capability of your fax product, follow the procedure below:

**NOTE:** Be sure that your phone number is not listed in caller ID (dial *82 + fax machine number + pound key to unblock the number). Pressing *82 cannot complete the call from number not listed in caller ID. Incoming faxes will not be properly received if caller ID is blocked. If you have a fax machine that is connected to a digital PBX system, you may need to dial a prefix (such as 9) to get an outside line before dialing the fax test number. If you have a fax machine that is connected to a digital PBX system, you may need to dial a prefix (such as 9) to get an outside line before dialing the fax test number.

**NOTE:** Some fax machines require a fax tone to be present in order to initiate a fax call. If you have a fax machine that requires a fax tone to be present in order to initiate a fax call, you may need to manually initiate the fax call by pressing the Start Fax button on the fax machine's control panel after you have dialed the fax test number and heard the fax tone. If you have a fax machine that requires a fax tone to be present in order to initiate a fax call, you may need to manually initiate the fax call by pressing the Start Fax button on the fax machine's control panel after you have dialed the fax test number and heard the fax tone.

**NOTE:** Some fax machines require a fax tone to be present in order to initiate a fax call. If you have a fax machine that requires a fax tone to be present in order to initiate a fax call, you may need to manually initiate the fax call by pressing the Start Fax button on the fax machine's control panel after you have dialed the fax test number and heard the fax tone. If you have a fax machine that requires a fax tone to be present in order to initiate a fax call, you may need to manually initiate the fax call by pressing the Start Fax button on the fax machine's control panel after you have dialed the fax test number and heard the fax tone.

1. Send a one page black and white test fax to 1-888-fxhpsvc (1-888-473-2678).
2. When your fax is working, the HP Test Fax Service will generate a return fax to you, which confirms that your fax is working properly. This confirms that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

**NOTE:** The short connection speed of tones is similar to the number used by Fax Machine-to-Fax Machine communications. If you receive the number of the sender, but cannot connect to this fax, please double-check the number entered. If the number entered is correct, but HP-Test Fax Service still does not receive the fax, please contact your fax machine manufacturer for assistance.

For more information or assistance, click Contact HP at the top of this page.

Hello World!

In early 2003, officials in Georgia returned nearly 7,000 pounds to Beef Products after cooks who were making meatloaf for state prisoners detected a "very strong odor of ammonia" in 60-pound blocks of the trimmings, state records show.

"It was frozen, but you could still smell ammonia," said Dr. Charles Tant, a Georgia agriculture department official. "I've never seen anything like it."

Unaware that the meat was treated with ammonia — since it was not on the label — Georgia officials assumed it was accidentally contaminated and alerted the agriculture department. In their complaint, the officials noted that the level of ammonia in the beef was similar to levels found in contamination incidents involving chicken and milk that had sickened schoolchildren.

Beef Products said the ammonia did not pose a danger and would be diluted when its beef was mixed with other meat. The U.S.D.A. accepted Beef Product's conclusion, but other customers had also complained about the smell.

Untreated beef naturally contains ammonia and is typically about 6 on the pH scale, near that of rain water and milk. The Beef Products' study that won U.S.D.A. approval used an ammonia treatment that raised the pH of the meat to as high as 10, an alkalinity well beyond the range of most foods. The company's 2003 study cited the "potential issues surrounding the palatability of a pH 9.5 product."

Soon after getting initial approval from the agriculture department, the company devised a plan to make a less alkaline version of the beef, internal company documents show. Beef Products acknowledged in an e-mail exchange that it was making a lower pH version, but did not specify the level or when it began selling it.

In 2006, after the school lunch program temporarily suspended a Beef Products plant for salmonella contamination, the company wrote in a letter that its effort to combat ammonia "aroma" might have reduced the alkalinity below the initial target levels. It said it was taking steps to ensure that the alkalinity remained elevated.

Samples of the treated beef obtained by The Times this month showed a pH as low as 7.75, according to an analysis by two laboratories. Dr. Michael P. Doyle, a food industry consultant and director of the Center for Food Safety at the University of Georgia, said one point on the exponential pH scale was a considerable difference, and "could have a significant effect on the antimicrobial effectiveness of the ammonia."

# About Leather Calligraphy

This unique coneceous calligraphy has existed only in Korea for over 4,000 years as a folkloric art. The writing medium is a pieces of leather with multiple colours, which creates rainbow like coloured effects on canvas at a stroke. The letters are collaborated with many symbolic pictures, ex: bamboo, cranes, the sun, carps, roses, butterflies, ships, seas, birds, candle, shrimp, sunflower and rainbows

Koreans usually write their names or adages on a scroll, which represents "luck", "longevity" or "success", or a combination of these.

The meanings of the symbols are as follows:

| | | | |
|---|---|---|---|
| Bamboo | integrity | Birds: | good luck |
| Crane: | longevity | Candle | strength |
| Sun & Mountains | success | Shrimp | prosperous |
| Carps & Dolphins | health | Sunflower | friendship |
| Roses & Butterflies: | love | Rainbow | hope |
| Ships, Sea & Lighthouse: | ambition | Dragon. | good fortune |

# Students win junior author contest

*A press release from The Haverford School.*

**LOWER MERION** » Students from nine local schools submitted entries for the Ghelfi Library League's 44th annual Junior Author Contest.

First- through fifth-graders competed in fiction, nonfiction and poetry.

The Haverford School's winners were 23 awards — 10 nonfiction, nine fiction and three poetry. Each winner received a book supplied by Children's Book World in Haverford and will have their work bound and housed in the Gladwyne Free Library.

The Haverford School's winners include, from row from left, first-grader Siddhanta Mishra — first place, fiction; first-grader Michael D'Arrigo — second place, fiction; first-grader Patrick Ramirez — third place, nonfiction; first-grader Cody Leung — honorable mention, nonfiction; first-grader Jayden Jackson — first place, nonfiction; first-grader Dorian Royal — third place, fiction; and first-grader Carter Paul — first place, poetry; middle row: second-grader Aiden Kazar-Flamis — second place, poetry; third-grader Thomas Springer — third place, nonfiction; third-grader Kenan Booth Jr. — honorable mention, nonfiction; and second-grader Theodore Berkmen — first place, fiction, second-grader Finn Kelleher — honorable mention, nonfiction; and third-grader William Armstrong — second place, nonfiction; back row: second-grader Elias Tsialtas — first place, nonfiction; third-grader Marcus Ramirez — honorable mention, fiction; second-grader Tenley Weber — second place, nonfiction; fourth-grader Anthony Costa — honorable mention, fiction; Lower School librarian Nancy Thomas; fourth-grader Grayson Morgan — third place, fiction; fourth-grader Aidan Gelas — first place, nonfiction; fifth-grader Elliot Lee — second place, fiction; and second-grader Sam C. — third place, fiction.

Not pictured, fourth-grader Riyadh Jalil — second place, poetry.

NCIX.com
Great Technology Selection & Service

Return Address:

Name: Pkg of

Company

Street Address:

City: Province:

Postal Code:

RMA # Invoice #

Ship to: NCIX.com – RMA Department
105–4620 Viking Way
Richmond, BC
V6V 2L5

## Returning your item

### 1 Fill out the label to the left

- A RMA (Return Materials Authorization number) is required from our RMA department
- If your RMA has more than one package, please duplicate the label and fill out "Pkg:____ of __" at the top right

### 2 Pack the RMA securely

- Please do not mark or tape the original product or product box. The item should be returned with all its accessories and manuals
- If possible, please use the same boxes & packaging we shipped to you
- RMAs received damaged at NCIX may result in processing delays

### 3 Attach the RMA shipping label

- Remove old shipping labels or mark them out
- Cut out the shipping label on the left and tape it to the package

### 4 Ship the RMA to us

- Please return the RMA to us within 15 days unless otherwise noted
- Once we receive your RMA in the RMA department, an email will automatically be sent to you

| Non-U.S. bonds | 11.0 | 11.4 |
| **Cash & equivalents** | 7.0 | 5.7 |

The fund is actively managed; holdings will change.

## Fund highlights / What helped, what hurt

- Globally, market returns were mixed. Stocks in the U.S. and Japan fared particularly well. Some European markets also rose despite flare-ups in the euro-zone debt crisis and widespread recession.
- Many developing-country markets ended the quarter lower. Concerns — country specific and related to Europe and the growth outlook — knocked investor confidence.
- The fund's first-quarter return lagged that of the MSCI All Country World Index, but outpaced those using country stock returns in general.
- Notable contributors to the fund's results came from companies in a range of sectors, including telecommunication services, energy and robotics — developing-country stocks (in a variety of sectors) were among the larger detractors. Investments in bonds generated a negative return over the period.
- Quarterly results offer a useful snapshot of recent returns, but the fund's objective is long-term growth of capital; it seeks to invest in companies for years rather than months.

**Investors should carefully consider investment objectives, risks, charges and expenses. This and other important information is contained in the fund prospectus and summary prospectus, which can be obtained from a financial professional and should be read carefully before investing.**

The return of principal for the fund is not guaranteed. Fund shares are subject to the same interest rate, inflation and credit risks associated with the underlying bond holdings. Lower rated bonds are subject to greater fluctuations in value and risk of loss of income and principal than higher rated bonds. Investing outside the United States may yet risks such as currency fluctuations, periods of illiquidity and price volatility, as more fully described in the prospectus. These risks may be heightened in connection with investments in developing countries.

Investment results assume all distributions are reinvested and reflect applicable fees and expenses. When applicable, investment results reflect fee waivers and/or expense reimbursements, without which results would have been lower. Please see americanfunds.com for more information.

The market indexes are unmanaged and, therefore, have no expenses. There have been periods when the fund has lagged the indexes. Bond ratings, which typically range from AAA/Aaa (highest) to D (lowest), are assigned by credit rating agencies, such as Standard & Poor's, Moody's and/or Fitch, as an indication of an issuer's creditworthiness.

# Provider Directories on the Internet

UnitedHealthcare

Find us on the web at www.myuhc.com or www.uhcsalud.com

On the right side of the page, under "Links and Tools"

- Click on "Find a Physician or Facility"

Select the type of search

- Physician
- Hospital or Facility
- Medical Equipment or Supplies

Select your UnitedHealthcare plan

- Example: "UnitedHealthcare Choice Plus"
- Search within a selected number of miles from an address – or just use a ZIP Code. Then click on "Continue"

You'll be able to search for all physicians or hospitals, or narrow your search to certain specialties.

The on-line directories include all Network Hospitals, Primary Physicians, and Specialists. The following provider information is available

- Provider Name, Address, and Telephone Number
- Hospital Affiliation
- Board Certification
- Provider's ID Number
- Office Language Capabilities
- A map and directions to each office
  - Note: Due to market variances, in some sites, OBGYNs are not listed in the PCP section if the provider has continued to provide PCP services. In the other sites, OB/GYNs will be reflected in the Specialist section.

| Fonstad K. Sch Jr. | Student |

# II. CONSENT

I AM THE PARENT OR LEGAL GUARDIAN of the above named child or am the pupil age 18 or older. I am submitting an open enrollment application for the school(s) and school year(s) listed. All of the information I have provided on this application is accurate and complete. I understand that the pupil's parent or resident have a duty to notify the school district of any changes in the pupil's residency, address, or telephone number during the open enrollment process.

Signature - Parent or Legal Guardian or the pupil if 18 or older

Date Signed (Mo./Day/Yr.)

Susan K. Johnson

9-14-2013

# III. INSTRUCTIONS

Nonresident School District: Complete the applicable sections of this application and submit it to the nonresident school district you are applying to. You may submit this application to more than one school district at the same time. You may also submit this application to your resident school district.

Resident School District: Complete the applicable sections of this application and submit it to the nonresident school district you are applying to.

Parent/Legal Guardian: Complete the applicable sections of this application and submit it to the nonresident school district you are applying to.

Pupil: Complete the applicable sections of this application and submit it to the nonresident school district you are applying to.

Deadlines: Applications must be submitted to the nonresident school district by June 1 of the school year preceding the school year for which the pupil is applying for open enrollment. Applications submitted after June 1 will be processed on a space available basis.

Nonresident School District Action: Within 10 days of receiving the application, the nonresident school district must notify the parent or resident school district whether the pupil has been accepted or rejected. If the application is rejected, the nonresident school district must state the reasons for rejection. The nonresident school district may reject the application if any of the following apply:

- The nonresident school district has a space limitation and has adopted a resolution stating that it has insufficient space or staff to accept additional pupils.
- The pupil has been suspended or permanently expelled by the pupil's resident school district.
- The pupil has been convicted of, adjudicated delinquent for, or found not guilty by reason of mental disease or defect of any of the following acts committed while at school or while under the control of school authorities: a violation of a state felony statute; conduct that if committed by an adult would be guilty of a felony or misdemeanor; or battery or conduct that if committed by an adult would be battery or aggravated battery.
- The pupil has been expelled by another school district during the current or previous school year for violating a school district policy that prohibits pupils from possessing a dangerous weapon.
- The pupil is not enrolled in the school district during the current school year.
- The pupil has been denied admission to the nonresident school district during the previous school year and the pupil's parent or resident school district has not changed its decision.

Within 10 days of receiving the application, the nonresident school district must notify the parent or resident school district whether the pupil has been accepted or rejected. If the application is rejected, the nonresident school district must state the reasons for rejection. The nonresident school district may reject the application if any of the following apply:

- The nonresident school district has a space limitation and has adopted a resolution stating that it has insufficient space or staff to accept additional pupils.
- The pupil has been suspended or permanently expelled by the pupil's resident school district.
- The pupil has been convicted of, adjudicated delinquent for, or found not guilty by reason of mental disease or defect of any of the following acts committed while at school or while under the control of school authorities: a violation of a state felony statute; conduct that if committed by an adult would be guilty of a felony or misdemeanor; or battery or conduct that if committed by an adult would be battery or aggravated battery.
- The pupil has been expelled by another school district during the current or previous school year for violating a school district policy that prohibits pupils from possessing a dangerous weapon.
- The pupil is not enrolled in the school district during the current school year.
- The pupil has been denied admission to the nonresident school district during the previous school year and the pupil's parent or resident school district has not changed its decision.

If acceptance in the pupil's nonresident school district is conditioned on the pupil's successful completion of an academic program, the nonresident school district must notify the parent or resident school district whether the pupil has successfully completed the academic program.

Nan-in, a Japanese master during the Meiji era (1868-1912), received a university professor who came to inquire about Zen.

Nan-in served tea. He poured his visitor's cup full, and then kept on pouring.

The professor watched the overflow until he no longer could restrain himself. "It is overfull. No more will go in!"

"Like this cup," Nan-in said, "you are full of your own opinions and speculations. How can I show you Zen unless you first empty your cup?"

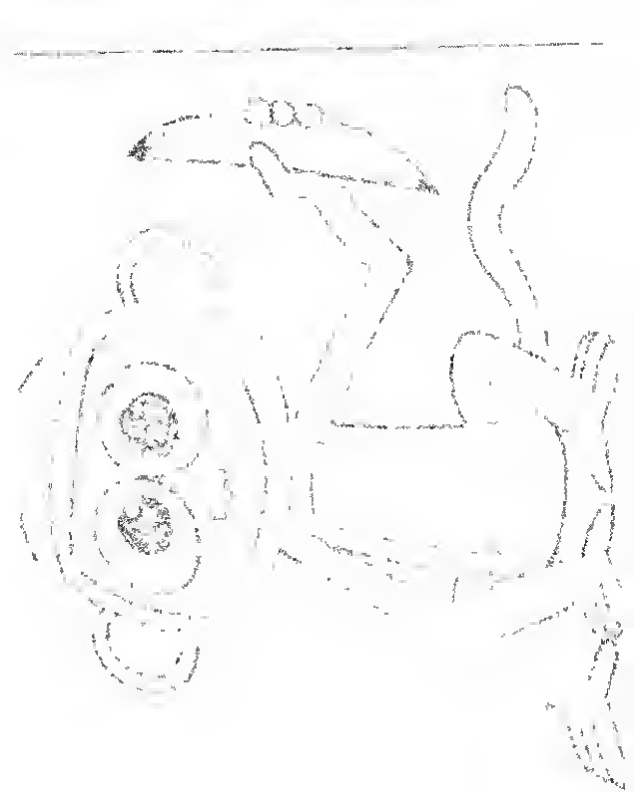
# BEARS

**IMPORTANT SAFETY INFORMATION INSIDE**



# KANSAS BOARD OF REGENTS

1000 SW JACKSON • SUITE 520 • TOPEKA, KS 66612-1368

TELEPHONE – 785 296-3421
FAX – 785 296-0983
www.kansasregents.org

TO: Kansas Board of Regents 403(b) Retirement Plan Participant – Mandatory or Voluntary Plan
FROM: Kansas Board of Regents Retirement Plan Committee
SUBJECT: Some rule changes for your 403(b) Retirement Plan effective January 1, 2009

**Please read the following information to ensure that you do not take distribution from the KBOR 403(b) Retirement Plan if there is no bona fide separation from service or you will be subject to tax penalties and your retirement contributions will be subject to taxation. The following information is from KBOR Retirement Plan consultants.**

The KBOR 403(b) Mandatory and Voluntary 403(b) Retirement Plans are governed by Internal Revenue Code section 403(b). The 403(b) is also governed by other federal laws and regulations.

Mandatory Retirement Plan: While actively employed, you cannot withdraw your Mandatory Plan funds. The only exception is that those covered by KBOR Phased Retirement Contracts can withdraw their Mandatory Plan funds.

Voluntary Retirement Plan: While actively employed, access to your Voluntary Plan funds is permitted. Withdrawals are penalty-free separation from service. If you take a loan or hardship withdrawal you will pay federal income taxes, plus a 10% penalty tax if under age 59½.

After you terminate employment, you and your spouse (if married) may withdraw funds from your 403(b) Plan at any time without penalty. However, if you have a written agreement with any of the KBOR state universities or KBOR boards of trustees that the separation from service is not bona fide and there is a refundable, you will owe taxes and penalties on up to 40 of the funds.

If you take a distribution from your 403(b) Plan and you are later rehired, if the check amount is the same as or less than the amount you were rehired, this would not create a problem for the 403(b) Plan or for you.

If you take distribution from your 403(b) Plan and you are later rehired for more than the amount of the withdrawal, this could create a problem for the 403(b) Plan or for you.

- If you took a distribution before January 1, 2009, you will be subject to a 10% premature distribution penalty. This applies to any withdrawal before the year you turn 59½.
- If you rolled funds out of the KBOR 403(b) Plan to another plan the entire balance, regardless of the rollover, and the only way you could access the money is to take a distribution of the money in your new plan. If you rolled funds to an IRA that are non-taxable, your tax-free basis does not get rolled over into the IRA each year thereafter.

If this were to occur, the employer (the KBOR state universities or the Board Office) would be required to file an employer-owned account report with the IRS and the employee would be required to report the taxable distribution on the tax return and withholding would be required to be remitted to the IRS. Penalties will apply. Interest will also be charged on the unpaid taxes.

As the state, university and Board Office cannot provide tax advice, if you have additional questions you are encouraged to seek appropriate counsel from your tax or legal professional.

**Prayer to St Joseph over 1900 years old**

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us Amen**

***Say for nine consecutive mornings for anything you may desire It has seldom been known to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle**

**Make this prayer known everywhere.**

Imprimatur

# CATAMARAN AUDIT ALERT
# HHS/OIG EXCLUSION LIST REVIEW

The Catamaran audit department is providing a review of basic information on the Medicare Part D requirements related to a contracted pharmacy's responsibility to review the list of Excluded Individuals and Entities (LEIE), maintained by the Department of Health and Human Services' Office of Inspector General (OIG) for all personnel associated with Pharmacy Services.

***Please take the opportunity to educate your pharmacy staff on the importance of the audit topic presented in the alert below.***

---

Providers are required to maintain proper policies and procedures related to training on Compliance including Fraud, Waste and Abuse. Additionally the providers must have a policy and procedure for checking the Office of the Inspector General (OIG) List of Excluded Individuals (LEIE) and Government Services Administration (GSA) Excluded Parties Lists System (EPLS) to confirm no employee, volunteer, consultant, governing body member, or contracted individual or entity is excluded from participation in federal programs.

**PLEASE EDUCATE your PHARMACY STAFF on the importance of validating all employees or contractors responsible for the provision of pharmacy services, against the HHS/OIG exclusion list.**

- Pharmacy should maintain a policy and procedure which defines the requirement and the procedure to complete the review process.
- Review is required to be completed upon initial hiring of any employee or contractor and at a minimum monthly thereafter
- Pharmacies should maintain documentation including a list of all employees/contractors for whom the verification was completed and the date of completion. If verifications are conducted directly on the website documentation of the image detailing confirmation of no exclusions must be maintained and accessible for audit.
- The pharmacy is required to remove any employee or contractor found to be on the exclusion list immediately from any pharmacy services and notify the Catamaran PWA hotline at 888-826-5685.
- The website for review can be found at www.exclusions.oig.hhs.gov for the OIG LEIE and www.epls.gov for the GSA EPLS.

We appreciate your participation in the Catamaran provider network and hope you find the above information useful. If we may answer any questions or provide additional information, please contact the Catamaran Provider Relations department at 877-633-4703.

Thank you for your cooperation and assistance in education of the pharmacy staff.

Interpage NETWORK SERVICES INC.

Phone +1 (510) 315 2750 • Fax: +1 (650) 292 1680 • www.interpage.net

## Hello!

*This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!*

*This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).*

*If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.*

This file is a sample MS Word file; many other file types are supported.

*If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:*

*Phone:* +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

*E-Mail:* intl-support@interpage.net

*Web:* http://www.interpage.net

*Thank you for your interest!*

Notes: 1 Due to the malicious use of the FreeFax service, Interpage will no longer transmit personal text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/sub-fax-trial.html*, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call +1 (510) 315-2750 for additional details.

2 This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two faxes in a given week, however. If you find these attempts to sending you faxes in a non-regular and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

| Subject: Test Fax | Date: |

## Fax Settings

Refresh your Vonage Device's Modem by adjusting the settings below.

| | |
|---|---|
| ECM (error correction mode): | Off |
| Baud Rate: | 9600 |
| International: | On (Set when call is placed) |
| Resolution: | Standard |
| Answer Mode: | Fax Only |
| Rings To Answer: | Zero (0) |
| Call Waiting: | Off |
| Bandwidth Reqmt: | High (90 kbps) |
| Distinctive Ring: | Off |

## Troubleshooting Steps

These steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and then wait 30 seconds. Plug fax machine remove and wait 30 seconds.
- Try another phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect fax machine directly to the Vonage device, bypassing any home wiring.
- If using an Atlo One device, temporarily disconnect device from PC.

## Further Assistance

If you need further assistance to fax, your Vonage Fax Service, we can still help.

Call us at 1-800-VONAGE-HELP (1-800-245-4237) or visit **www.vonage.com**.

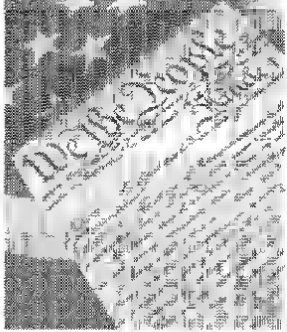
# 1040

NOTE. THIS BOOKLET DOES NOT CONTAIN TAX FORMS

# INSTRUCTIONS

Including Instructions for Schedules
A, C, E, J, R, and SE

# 2011



IRS

Department of the Treasury
Internal Revenue Service

Cat. No. 11320B

**IRS.gov** makes doing your taxes faster and easier.

**freefile** is the fast, safe, and free way to prepare and e-file your taxes. See www.irs.gov/freefile

Go paperless when you go online. Pay online. For more information on IRS e-file and Free File, see Options for filing your return in these instructions or click on IRS e-file at IRS.gov.

**NEW FORM?**

You may be able to file your tax return using a smaller new Form 1040EZ and not have to file Schedules A, B, C, D, E, J, R, or SE. If you have $100,000 or less of taxable income, you may want to see if you can use Form 1040EZ.

**MAILING YOUR RETURN**

If you file a paper return, you may be mailing it to a different address this year.

**FUTURE DEVELOPMENTS**

The IRS has created a page on IRS.gov for information about Form 1040 and its instructions at www.irs.gov/form1040. Information we learn after these instructions are printed will be posted to that page.

For children who can't claim an exemption for themselves, see page 8.

# South Carolina: Retirement Haven or Tax Trap?

**February 1, 2012**
By Ian Smith
URL http://www.fedsmith.com/article/3257/south-carolina-retirement-haven-tax-trap.html

If you are at or nearing retirement in your federal career, you may be thinking of relocating to a new state. South Carolina is a state that often attracts newcomers with its mild weather, attractive cities, and lots of recreational activities, but look closely at the state's income tax structure before taking the relocation plunge.

There is no doubt that South Carolina is a pretty part of the country. The weather is mild, and shopping, sightseeing, and recreational opportunities abound in cities such as Greenville, Columbia and Charleston.

Greenville is home to Falls Park on the Reedy River which runs through downtown. The old bridge that crosses the downtown river was torn down in a park renovation a few years ago and a new suspension bridge was erected in its place. Visitors to downtown can find a number of shops, restaurants, and even free WiFi while enjoying spending time eating lunch or just relaxing on a bench in the well maintained gardens that sprawl throughout the park.

*Shops in Falls Park*

*Suspension bridge crossing the Reedy River*

*Falls Park on the Reedy*

Charleston is a historic city with roots dating back as far as the 1600s. The horse drawn carriage tours that operate in the historic downtown section are a great way for visitors to see and learn about the city and its rich history. With numerous shops, restaurants, and a beautiful waterfront, one could spend days in the city and not get bored.

Approved Service Providers

Google Voice on the OBi

OBiTALK

Troubleshooting

SIP ALG Issues

Other VoIP service Providers with the OBi

About the OBi

OBi202

OBi IP Phone

OBiWiFi

OBiLINE

OBiDECT

How to do, set-up and obtain a syslog from an OBi device?
Here are the instructions on how to set-up your OBi so that it sends debug messages to the IP address x.y.w.z and port number pppppp. You will replace x.y.w.z and pppppp with the actual IP address and port number where your syslog server program is running.

Step 1. Find your OBi's IP address. From phone handset attached to the OBi, press ***1. The OBi's IP address will be announced.
Step 2. Configure the OBi's parameters for where to send debug messages. Open the OBi's web page (http://obi-IP-address) and navigate to System Management/Device Admin/Syslog. Fillin the 'Server' parameter with x.y.w.z, and 'Port' parameter pppppp. If different than default (514), make that pppppp must be in the range 1 - 65535.
Step 3. Enable logging of SIP Messages to SP1 (or SP2) From the OBi device web page Voice Services settings, go to the SP1 Service (or SP2 Service) settings. Change the "X_DebugLogOption" parameter to "Log All Messages.

You can download the program here.

Note: If your OBi device is managed from within OBiTALK, you have the option of configuring the syslog parameters from the OBiTALK-based OBi Expert Configuration web pages.

## Troubleshooting

How do I perform a factory reset?

The OBi phone LED is not on. What does that mean?

The OBi phone LED is constantly blinking green. What does that mean?

My audio is breaking-up and choppy

I can make outgoing calls, but I cannot answer any incoming calls.

Add Device does not work when doing **5 during OBiTALK set-up.

Why am I having trouble registering with my SIP service provider and/or I am not able to hear the far-end party's audio but they can hear me?

What ports should I keep open on my router/firewall?

What does the red/green power light indicate?

I have Motorola SB6100 router/modem. What do I configure?

How do I hear incoming calls ring on my OBi phone, but also the soft phone or another OBi No?

The OBi power LED is red. What do I do?

I hear a humming/buzzing sound from my corded phone. What should I do?

How do I automate upgrades to the most current available firmware?

How do I configure a static IP address?

How do I make a call to a SIP URI address?

How do I make a call to an IP address from the phone attached to my OBi device?

What might I need to use a UK analog phone handset with my OBi?

Is there anyone I can speak to if I have a problem that is not covered in the forum or this FAQ?

Try this recipe - you'll love it! Let me know if you improve on it! :) I made a couple of changes ... Great for a cold night!!! Takes tops a half hour!

Easy Chicken & Dumplings
6 servings.

1 to 1 1/2 lb boneless, skinless...chicken breasts, cut into bite size pieces
3 stalks celery, chopped
1 large onion, chopped
2 bay leaves
2 chicken bouillon cubes OR 2 tsps chicken granules
1 teaspoon house seasoning. (Paula Deans...mix of little salt, pepper, garlic powder)
1 quart water (4 cups) -)
1 (10 ounce) cream of celery soup

Dumplings ..Bisquick. easy to make! 2 cups bisquick...2/3 cup milk mix together

In a large pot combine chicken celery, onion, bay leaves, boulbon, house seasoning and 1 quart water. Bring to boil. reduce heat to simmer for 15 minutes (or until chicken is cooked) -) (take out bay leaves.) Stir in cream of celery soup...until blended bring to boil and reduce heat until simmering ...then drop in dumplings.... makes about 10 Then simmer 10 minutes with lid off and 10 minutes with lid on...until dumplings are tender and float to the top (mine never

[redacted] will be sent to Cynthia J. Blake at [redacted]

[redacted] Amazon.com

Dear Amazon.com Customer,

We'd like to update you on a change in the Kindle application that affects the way that you access the Kindle Store. In order to comply with Apple's policy changes, as of this update, the "Kindle Store" link from within the application will open Safari and take you to the Kindle Store.

You can still add and delete items from your wish list in the Safari web browser and get the Amazon Price Match Guarantee when you're shopping on your Kindle application in the same way you can now. Just click the "Kindle Store" button in the bottom menu bar of the application when you open the app. Thanks for being a Kindle customer.

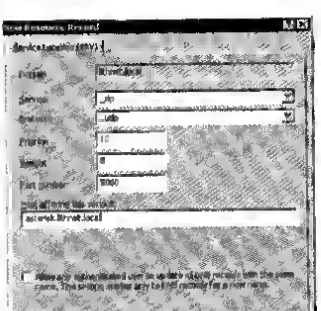
## FEDERAL TAX LAW

Section 6039E of the Internal Revenue Code (26 USC 6039E) requires you to provide your Social Security number (SSN). If you have one, when you apply for a U.S. passport or renewal of a U.S. passport. If you have not been issued a SSN, enter zeros in box 8b of this form. If you are

Scroll down to *Service Location (SRV)* in the list. Type _sip in the service field, select _udp from the protocol field, assign a priority and weight, enter 5060 as the port number, and the host name of your SIP server.



Click OK and your are done. You can view your new SRV record by clicking on the _udp item under your domain. In the example here, I would now be able to receive calls to @ifrnet.local extensions, as well as @asterisk.ifrnet.local

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888 877 1655 or 1 503-200 1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness

You can fax something interesting to 1 888 877 1655 (your boss will never notice... maybe) or 1 503 200 1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work

Privacy Policy. We hate spam and junk faxes and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

## ⚠ Important 911 Information

Ooma wants to make sure that you are aware of important differences in the way 911 service operates with Ooma when compared with traditional telephone service. Here's what you need to keep in mind:

**Differences between traditional 911 service and Ooma 911.**

Be advised that Ooma 911 service is less reliable than traditional 911 service. Some regions do not support enhanced 911 service and your emergency call may be routed to an emergency response center which does not keep your contact information on file.

**Be prepared during any service interruption.**

Ooma phone service depends not only on your continued subscription (and payment) for the service, but also on Internet connectivity and power to function. In the event of power network, or Internet outages (including congestion) or if your service is disconnected or suspended due to non-payment, or if you terminate your service, 911 calling will be interrupted.

Until you are told to do so by an emergency dispatcher, do not disconnect your 911 call. If you are inadvertently disconnected, call back immediately.

**Keep your service address up to date.**

Ooma will attempt to provide the emergency operator with your service address, so please ensure that your information on file with us is always accurate and updated. You may update your address online or by calling customer support at 1-888-711-8662. If you do not do this (for example, if you are unable to speak during a 911 call) the emergency operator may assume that you are calling from the last registered address.

**Inform other users.**

You must notify members of your household and other potential users of your Ooma phone service of the nature and limitations of 911 emergency calls.

**Limitations of Liability.**

Ooma's terms of service limit and disclaim liability

## RADIO CONTROLLED WIRELESS WEATHER STATION

**Instruction manual**

Thank you for your purchase. The utmost care has gone into the design and manufacture of your clock. Please read these instructions carefully and keep these for future reference.

The weather station is equipped with many functions providing weather information to you. The receiver unit has a clear easy-to-read display that shows the weather forecast, barometric pressure, indoor temperature & humidity, time, month, date, day, user alarm as well as the outdoor temperature & humidity measured and transmitted from the outdoor sensor.

The 8.6 MHz technology means no wire installation is required and you can place the sensor anywhere you like within 330 feet.

**Set**

*Quick Start Set Up: Outdoor Sensor*

1. Pick a sheltered place out of direct rain, snow or sunlight
2. Insert 2 x AA batteries
3. Replace battery door

**Set**

*Quick Start Set Up: Weather Station*

1. Insert 3 AAA batteries or plug into approved outdoor outlet
2. Press re-set button on the back of the clock with a pin or paperclip to re-start the clock. The clock will synchronize with the transmitter set automatically.
3. The antenna flashes when the clock receives outdoor sensor signal.

**NOTE:**

When the antenna is flashing, it is search for the atomic signal or it is searching for the outdoor sensor. Please wait for the flashing icon before you try to set up the clock. The weather station is disabled while searching for the atomic or the outdoor signal.

**PLEASE NOTE:**

1. Start this clock at night and let the clock receives the signal automatically past midnight
2. Always place the unit away from interfering sources such as TV set, computer, metal objects and electrical appliances.
3. Areas or regions to which one is recommended for better reception

**MAIN FEATURES:**

**WEATHER STATION**
